An Index to the Catalogue of an Exhibition from the W. Hugh Peal Collection

John Spalding Gatton

On 15 October 1982 the University of Kentucky Libraries formally dedicated the W. Hugh Peal Collection of rare books and manuscripts, the majority of which its donor had recently presented to his alma mater. A seminar on the Early Romantic Poets (whose writings underpin the collection), a dinner at Spindletop Hall, and a two-month exhibition of over two hundred items from the 15,000-piece gift marked the occasion and honored Mr. Peal for his incomparable generosity.

The Kentucky Review also devoted the first number of its fourth volume to a biographical and descriptive catalogue of the exhibit. The following pages comprise an Index to the catalogue, and list all literary titles and proper names, exclusive of geographical locales and fictional characters. References are to page numbers, not entries.
