SPECIAL PUBLICATION – KFGC 2005-1

GARRY D. LACEFIELD AND CHRISTI FORSYTHE, EDITORS

FOREWORD

This marks the tenth consecutive year we have had a Forage Symposium to kick off the Kentucky Cattlemen's Convention. We challenge you to consider the content of the proceedings and the discussions of the day in light of your overall beef-forage program. It is our hope you will go away with at least one idea or practice that you can implement to improve your overall forage-animal program.

On behalf of the program committee, I want to thank Mr. Dave Maples and all the fine folks at KCA for their support, assistance and encouragement. In addition, I want to thank the Kentucky Forage and Grassland Council for their continued support of Forages in Kentucky. My thanks to Dr. David Ditsch and Mr. Jason Tower for their presentations and papers for the proceedings.

Special THANKS are extended to Mrs. Christi Forsythe for her extra effort in program planning and in preparing and editing the proceedings.

Let me close by extending a special invitation to attend our 25th Kentucky Alfalfa Conference to be held at the Cave City Convention Center, February 24, 2005.

Garry D. Lacefield
Program Chairman
