And then the Senate adjourned.

SATURDAY, JANUARY 1, 1848.

A message was received from the House of Representatives, by Mr. L. Combs, announcing that they had met and organized, and are now ready to proceed to legislative business, and had appointed a committee on their part to wait upon the Governor and inform him that the General Assembly have convened, and are now ready to receive any communication he may think proper to make.
Mr. Helm moved the following resolution, which was unanimously adopted, to-wit:

Resolved, That a committee of three be appointed; on the part of the Senate, to wait upon his Excellency, the Governor, and inform him that Legislature is now organized, and ready to receive any communication he may choose to make.

And Messrs. Helm, Rice and Williams were appointed a committee pursuant to said resolution.

Which petitions were severally received and referred—the 1st to the committee on the Judiciary; the 2d and 4th to the committee on Propositions and Grievances, and the 3d to the committee on Religion.

A message in writing, was received from the Governor, by Mr. Reed, Secretary of State, which was read as follows, to-wit:

Gentlemen of the Senate,
and House of Representatives:

The revolution of a year has brought us to the commencement of another session of the General Assembly. The circumstances under which you have assembled are eminently calculated to inspire us all with feelings of profound gratitude and thanks to the Supreme Ruler of the Universe for his countless blessings. Though the country is still afflicted with an unhappy war with a foreign nation, the affairs of our State have experienced no unfavorable change since the adjournment of the last General Assembly, and are, at present, in a highly flattering condition. Our people are not only in the enjoyment of health, but our State, in all its parts, abounds with most of the comforts and all the necessaries of life, and never, since I came into of-
fice, has there been a time when the fiscal concerns of the Commonwealth presented a brighter aspect than at present.

The means of the State have enabled those with whom payment was intrusted, to discharge promptly all demands which came against the State, in the fiscal year ending on the 10th of October last, and the means will be ample to meet all demands which may come against the State in the year ending the 10th of October, 1848.

After paying all demands that came against the Treasury, there remained $19,269 23 in it, on the 10th of October, 1847; and from an estimate made by the Second Auditor, there will probably remain in the Treasury, on the 10th of October, 1848, the amount of $19,048 90, after paying all demands which may come against it up to that time.

Including $20,503 which remained in the Treasury on the 10th of October, 1846, the receipts of the Treasury, for the year ending the 10th of October, 1847, amounted to $419,143 46; and there was paid out, in the same year, $399,847 23.

The estimated receipts of the Treasury, for the fiscal year ending the 10th of October, 1848, including $19,269 23, which remained in it on the 10th of October, 1847, amount to $407,621 93; and it is supposed that the demands upon the Treasury, for the same year, will amount to $388,573 03.

For more detailed information upon these subjects, I refer you to the First and Second Auditor's and Treasurer's reports, which will be laid before you.

The revenue which was payable in the last fiscal year, has been accounted for with commendable promptness. With the exception of about $18 80, the entire amount was paid by the collectors into the Treasury before the 10th of October last.

Taxable property has also been listed by the Commissioners appointed for that purpose the present year, with more benefit to the State than has been done in years past. The amount of tax on property listed the present year, exceeds the amount on property listed the year preceding, a fraction above four per cent. It is apparent, however, from an inspection of the books returned by the Commissioners to the Second Auditor, that a part of them have failed, most palpably, to fulfil the duties enjoined by law upon every Commissioner. This is an evil affecting the interest of the entire community, and addresses itself emphatically to the attention of the General Assembly.

In giving the present condition of the public debt, I need not go back further than the beginning of the last General Assembly. I should fail were I to attempt to present a more perfect analysis of the debt outstanding against the State at that time, than is contained in the message which I then communicated to the Legislature. The funded debt was stated, at that time, to amount to $4,596,026. Besides $426 of Internal Improvement Scrip which was then payable, a portion of that debt consisted of $49,600 of six years bonds, which were and have since become payable, $84,000 of Railroad
bonds which will become payable in 1848 and 1849; and in a still greater amount of five per cent. bonds which will not become payable for several years to come.

With a view to provide means to extinguish these several liabilities on terms acceptable to the creditors, and terms advantageous to the State, authority was given to the Governor and Commissioners of the Sinking Fund to issue and sell other bonds of the State. Acting under that authority, it was deemed advisable, by the Commissioners, that a sale should be made; and in conformity with their advice, as Governor, I have issued and sold six per cent. bonds to the amount of $61,000. The bonds were made payable thirty years after date, but redeemable at the pleasure of the State, any time after fifteen years from their date.

The sales were made on such terms as realized to the State the par value of the bonds. The amount of sales was placed in the Treasury to the credit of the Commissioners of the Sinking Fund. With the means thus obtained, and others belonging to the Sinking Fund, and not needed to pay interest, the Commissioners in the course of the present year paid:

Total amount of payments, $50,840.14

This amount of payments deducted from the amount ($61,000) of bonds sold, leave $10,159.80; which, added to $4,596,026, the aggregate amount of debt outstanding at the date of my last annual message, makes the present funded debt of the State amount to $4,606,185.86.

Thus it will be perceived that the funded debt of the State has increased the present year, above what it was at the commencement of the last General Assembly the amount of $10,159.86. But there remains after the payment of all interest which has accrued and which may accrue up to the first Monday in January, 1848, an unexpended balance of the means of the Sinking Fund greatly more than sufficient to cover the increase of the State debt, and which would have been applied to the reduction of that debt had not the Commissioners been prevented from so applying it by the failure of holders to present their bonds for payment.

Desirous to extinguish as soon as possible all the six years bonds which had become payable, as required by the 6th section of the act of Assembly, approved 23d of February, 1846, I issued and published a proclamation, notifying the holders of such bonds, that the Government would, on the first Monday in August, 1847, at the Treasury, make payment and redeem all of said six year bonds, and that not more than four per cent. per annum interest would be thereafter paid on bonds not presented for pay-
ment on that day. The effect upon the bond holders was not such as I had hoped, nor such as was doubtless anticipated by the passage of the act. The bonds were not all presented on the day designated, nor have they yet been all presented. There still remain outstanding $22,800 of those bonds; so that under the law as now in force, the State is burthened with four per cent. interest upon bonds due and payable, and which the State has long been ready to redeem, but which has been prevented by the failure of bond holders to present them for payment, though notified to do so. This is unjust to the State and should not longer be tolerated. I therefore recommend the repeal of that clause of the act which subjects the State to payment of four per cent. interest.

Funds have been transmitted to the City of New York adequate to the payment of the installment of interest which becomes payable at that place on the first Monday in January, 1848. After the payment of that installment, and after the payment of all other demands for interest or otherwise, which in the present year came against the Sinking Fund, there remained in the Treasury on the first of December, 1847, subject to the order of the Commissioners of the Sinking Fund, an unapplied residue of $40,599 84. Including this sum, I am happy to assure you, that if not withdrawn and applied to other objects, the means of the fund will be more than sufficient to pay all the outstanding six years and railroad bonds, which may be payable the coming year, amounting to $69,500 00.

It is estimated that there will in the present fiscal year, be received from all sources by the Sinking Fund, $326,600, which, when added to $40,599 84 in the Treasury, as already stated, makes an aggregate amount of $367,199 84.

Including the installment of interest which will become payable on the 1st Monday in January, 1849, there will be required in the same year to meet liabilities for interest and contingent expenses, $264,250. This latter sum deducted from the former, leaves to be applied to objects other than the payment of interest and contingent expenses, the sum of $102,949 84. This amount will of course be applied to the reduction of the public debt, in such manner as is before indicated, and by the purchase, if possible, of other bonds of the State.

An estimate more in detail of the resources and demands upon the fund for the coming year will accompany the report of the Commissioners, and be laid before you, and to which you are referred for more full information. It is, I think, not at all probable, that any item of the supposed receipts of the coming year will fall below the estimates. The receipts derivable from turnpike roads and the river navigations, hang upon more uncertain contingencies than those derivable from other sources, and we have no good reason to apprehend that less than the amount estimated will be received from either.
The receipts from the Kentucky River Navigation, which had, each preceding year, been increasing, have, in the fiscal year ending the 10th of October last, experienced a further increase, and will likely continue to increase the present fiscal year. The gross receipts from that navigation, in the last fiscal year, exceeded the gross receipts of the year ending the 10th of October, 1846, the amount of $7,836 66. After deducting all expenses, swelled, as I understand they were, by the unusual need of repairs on the public works, beyond what will probably be needed in the present fiscal year, there was received in the year ending the 10th of October last, by the Treasury, for the use of the Sinking Fund, $29,070 30. The receipts of the preceding year, from the same source, after deducting expenses, amounted to $29,173 58.

The gross receipts from the Green and Barren River Navigation have also, in the fiscal year ending the 10th of October, 1847, exceeded the receipts of the preceding year, $682 87. In the year ending 10th of October last, after deducting what was received in that year for previous years, amounted to $9,400. The gross receipts of the preceding year amounted to about $8,727 13. The expenses of the year ending the 10th of October last exceeded the amount of receipts, but it is, I understand, not probable that the expenses will be so great in future, and we have reason to believe that not less than the amount estimated will be realized from that navigation by the Sinking Fund in the present year. I refer you, for more full information as to the river navigation, to the report of the Board of Internal Improvement.

The receipts from the Turnpike roads, for the fiscal year ending the 10th of October last, exceeded the receipts of the preceding year, and as I have said, we have no reason to anticipate a decrease in the present year. Nor will the demands on the Sinking Fund, I feel sure, exceed the estimates. More than $264,000 cannot be needed to pay interest, and $250 will cover all contingent expenses. A larger amount was needed the last fiscal year to pay contingent expenses, but a considerable part of those expenses grew out of the settlement with the Commissioners of the Sinking Fund, under the act of the 10th February, 1845; and with no outstanding claims against the Fund, I am satisfied that not more than $250 will be required to pay contingent expenses in the present fiscal year.

It must therefore be a source of peculiar satisfaction to witness the flattering condition of the Sinking Fund. The annual contingent expenses of the Fund, including exchange and interest on Bank loans, which in a succession of former years averaged upwards of $6,000, and which in some years ran up as high as $14,000, have been brought down to the inconsiderable sum of $250 for the present year. The resources of the Fund, at first inadequate to meet the objects proposed, have become not only sufficient to pay all the interest accruing annually on the public debt, and all incidental ex-
penses, but in the two preceding years have enabled the Commissioners to commence reducing the amount of the public debt, and in the present fiscal year will yield them the very considerable surplus of $102,949 84, to be applied to its further reduction. The funded debt of the State, which had for a series of years been accumulating, until in 1844 it amounted to $4,671,503, has since that time been undergoing a gradual but steady reduction; and during the present fiscal year the means will be possessed to reduce the debt to $4,503,236, which reduction, agreeable as it must be to the people of the State, I confidently expect will be made before the termination of my administration of the State's affairs.

Besides, it is well known the State is in possession of other means by which part of the public debt may be paid without burthening the people with taxation. These means consist of stock in the several Banks of the State, amounting, as stated in my last annual message, to $1,270,500; this sum deducted from $4,503,236 leaves $3,232,736, which may be considered the actual burthen of debt that will remain outstanding at the end of the present fiscal year.

Of course the possession, by the State, of the Kentucky and Green and Barren River Navigations, and her interest in bridges, and turnpikes, public works of great value, and of annually increasing revenue, may be considered as available means for the further reduction of that reduced debt of $3,232,736.

These figures are predicated on the supposition, that the Commissioners of the Sinking Fund will be able to apply all of their surplus means of the present fiscal year, to the reduction of the public debt. If they are by any means prevented from so doing, the estimates above will have to be changed accordingly.

In connection with this subject, I have the pleasure to inform you that, as required by law, all the paid coupons or interest warrants have been received by the Commissioners of the Sinking Fund, and registered in books kept for that purpose in the office of the Auditor. The coupons so received and registered, have also been cancelled and burnt in the presence of the Secretary of State, First Auditor and Treasurer.

With regard to the Penitentiary, I am able to inform you that the buildings intended for an eating house and chapel which were under contract, at the date of my last annual message, have been completed. There has also been erected, since the adjournment of the last Legislature, a blacksmith shop in the Penitentiary as required by an act of that session. The contracts for the buildings have all been filled with fidelity and satisfaction on the part of the Keeper, and I am pleased to inform you that the institution is at this time provided with buildings of superior order, and better adapted to the business of the Penitentiary than at any former period.
The convicts in the Penitentiary on the first day of December, 1847, numbered twenty one less than were in the Institution on the first day of December, 1846. One has died and six escaped during the present year. The convicts are generally in good health.

The Institution realized a profit, in the last year, exceeding the amount of annual profit guaranteed to the State by the Keeper. This estimate includes all accounts of the Institution outstanding on the first of March last, a portion of which may not and doubtless cannot be collected. It is, however, presumable, from the increased prices of the principal articles manufactured in the Penitentiary, that the present will be a year of greater profit.

But I would not be understood as indicating an opinion, that the failure to make greater profits has resulted from any fault of the Keeper. In a former message, I expressed my confidence in the rectitude of the conduct of the Keeper, and I have seen nothing to change that opinion. On the contrary, considering the many and peculiar difficulties with which he has had to contend, many of a very disheartening character, I have had occasion to admire his fortitude and his energy, and his fidelity, as I conceive, to his contract with the State. I have no reason to believe that any other could have done better.

I am not of the opinion, that under the present system of managing the Institution, any considerable pecuniary benefit will ever be realized by the State. But whether any other system less objectionable or better calculated to attain the objects of the Institution, can be devised, is for the wisdom of the Legislature to determine. The term of the present Keeper will expire on the 1st of March, 1849, and in anticipation of that time, provision should be made by legislative enactment for the future management of the Institution. The law under which the present Keeper was elected, will cease to be in force after the end of his term.

In connection with this subject, I will say to the Legislature, that I have received the third annual report of the Prison Association of the State of New York, with a request that I shall call your attention to the same. This Association is composed of gentlemen eminent for talents and philanthropy, and their object is to collect and disseminate facts relating to Prison Discipline in all its bearings, both on convicts and governments. Their report is voluminous and would be well worthy of the enlightened attention of any members of your body, who may choose to call at the Executive Office and examine it.

But, gentlemen, I should fail in my duty, were I not to invite your attention to a subject which, in my judgment, is of far higher importance than either of those to which I have already alluded. It is a subject not only applicable to the tax payer, but applicable equally to him who has nothing to pay; to the poor as well as to the rich; to all, whatever may be their circumstances or condition. It addresses itself to no particular interest, but com-
prehends in its bearings all of every order and pursuit. It is limited to no particular interest in exclusion of all others, but reaches every interest, whether of individuals, associations, or the community at large.

It needs only to be named for its importance to be acknowledged and felt. Who will deny the immense importance of Education? Who so debased in sentiment as not to perceive and appreciate its benefits? Where is the individual, be his pursuits what they may, who would willingly decline its advantages? Where the father who would willingly cast his child upon society, destitute of its blessings?

But I need not indulge further in reflections like these. The importance of education is so universally acknowledged, and has been so repeatedly recognized by our legislative enactments, that nothing I could say would make it more manifest.

But whilst all admit its importance, we have to lament that so little has been done to advance the cause of Education. Statute after statute has been enacted, setting apart and dedicating funds to the object of education; but when we turn to the generation rising around us, what a vast number do we behold, wholly destitute of the means by which they might become enlightened and useful citizens. Why is this suffered to be so? We have on our statute book what is denominated a System of Common Schools; but hitherto it has been barren of results. The subject was treated of in my last annual message, and I then attempted to point out some of the wants of the system, without which, in my judgment, it could never succeed. In my subsequent reflections I have become more fully satisfied that the views there presented are correct, and I refer you to what was then said, and again commend the subject to your favorable consideration.

The condition of the Education Fund is not changed from what it was last year. The report of the Superintendent of Public Instruction will give you particular information on this point, and also as to the present condition and future prospects of Common Schools.

By an act of Congress, approved January 23, 1845, it is provided, "that the electors of President and Vice President shall be appointed in each State on the Tuesday next after the first Monday in the month of November, of the year in which they are to be appointed." The time prescribed by this act differs from the time designated by the laws of Kentucky for holding elections for electors for President and Vice President. It will therefore require the further action of the General Assembly to conform to and carry out the act of Congress. As the election cannot, consistently with the act of Congress, continue longer than one day, it may be worthy of consideration whether provision ought not to be made, allowing, in some counties at least, an increased number of precincts, so that the whole vote of those counties may be fairly polled, and without delay, crowding and confusion.
In conformity to a resolution of the last General Assembly, and with permission of the widow of Major Philip Norbourne Barbour, of the 3d Regiment of the United States Infantry, who fell whilst gallantly leading his command to a desperate charge in the streets of Monterey, I caused his remains to be brought, and, with appropriate honors, buried beneath the soil of his native State, within the Cemetery at the seat of government, in testimony of the high sense of the General Assembly of his distinguished services as a patriot, his heroic achievements as a soldier, the chivalry of his life and the glory of his death. A suitable monument of marble has also been erected over his grave.

It will not, I trust, be thought altogether out of place to notice, briefly, other distinguished officers and soldiers whose loss, since the date of that resolution, our State has been brought to mourn. Whilst gallantly leading their respective commands, Col. William R. McKee, Lieut. Col. Henry Clay, and Capt. William T. Willis, of the 2d Regiment of Kentucky Volunteer Infantry, fell, accompanied by the fall of many heroic citizen soldiers, in the ever memorable battle of Buena Vista. Deploring most deeply their loss, and appreciating fully the motives of lofty patriotism by which they were induced to enter the service of their country, their heroic valor and distinguished services in battle, and the glory of their death, many of our fellow-citizens united with their relatives and friends, and caused the bodies of the officers, and many of their brave men who fell with them, to be brought back and buried beneath the soil of their native land. The bones of these officers and soldiers, as well the bones of the lamented Barbour, now rest within that part of the beautiful Cemetery at the seat of government, appropriated to the use of the State. It is for the Legislature to determine whether one common monument, worthy of the State and worthy of her fallen sons, shall mark the spot and tell to future ages the esteem in which a magnanimous Commonwealth holds her chivalric and devoted sons.

The swords intended as tributes to the gallantry of Maj. Gen. Zachary Taylor, Maj. Gen. Wm. O. Butler, and Maj. P. N. Barbour, and which, by resolutions of the last General Assembly, I was required to have made and presented on behalf of the people of Kentucky, were contracted for by agents appointed by me for that purpose, and I am assured that they have been finished in a style and exhibit specimens of elegance and taste well adapted to the object intended, and highly creditable to the artizans who produced them. The contract for the swords was made on the credit of the State, and should be fulfilled in good faith. An appropriation for this purpose will be necessary.

I would invite your attention to Resolutions of the Legislature of Ohio, upon the subject of the Ohio boundary, which were laid before the last General Assembly, but not acted on before their final adjournment. The Legis-
lature of the State of Virginia, I am informed, have adopted corresponding resolutions, and Commissioners have been appointed by each of those States with a view to the speedy adjustment of the boundary question, and the prevention of any future acrimonious contests growing out of it. Should the General Assembly determine that Kentucky should unite with Ohio and Virginia in the settlement of this question, early action should be had, so that Commissioners may be appointed on the part of this State to meet the Commissioners of Ohio and Virginia already appointed, and who are shortly to assemble in the City of Washington.

I have transmitted, herewith, resolutions and proceedings of the Legislatures of the States of Connecticut, Vermont, Virginia, Maine and Rhode Island, forwarded to me by the Executives of those States, under the instructions of their Legislatures, for the purpose of having them laid before you. I also lay before you a letter from the Librarian of Harvard University in relation to the Public Documents of Kentucky.

In conformity to an act of the last Legislature, I lay before you the accompanying annual report of the Visitors of the Kentucky Military Institute.

I also lay before you the report of the Commissioners appointed by an act of the last Legislature to audit and settle the accounts of the Board of Internal Improvement.

I have thus briefly adverted to such matters as seemed to require notice in giving to the General Assembly a statement of the true condition of the Commonwealth. Your better knowledge of the wants of the people whom you represent, will doubtless call to your minds many other matters equally deserving of consideration. Whatever objects may engage your attention, I hope your deliberations will be conducted in harmony, and terminate acceptably to your constituents and advantageously to our State.

It will not, gentlemen, be my duty or privilege again, in my official capacity, to meet the representatives of the people at the commencement of another General Assembly. The wheels of time, by which we have been brought to the commencement of the present session, will, in a few more months, carry us to the end of my official term. The duties and responsibilities of Chief Magistrate, which now rest on me, will then devolve upon a successor, and I shall be relieved of the cares and anxieties of office. The coming of that time excites in my breast no emotions of regret. Until then, if spared so long by a merciful Providence, I shall continue to exercise the functions of my office as I have hitherto exercised them—honestly, independently and faithfully. But, when the end of my term comes, I shall, without repining, part with the insignia of office, and pass from public station to the more desirable pursuits of private life. In doing so, however, I shall not feel altogether indifferent to public sentiment. That I should, in the performance of the many highly important and delicate duties apper-

Resolved, That the committee on the Judiciary be instructed to enquire into the expediency of the passage of a law applying the statute of frauds and perjuries to all claims asserted by attorneys at law, not founded on writing between the parties.

Mr. English read and laid on the table the following preamble and resolutions, viz:

Whereas, His Excellency, the Governor of the Commonwealth of Kentucky, has caused to be sent to both branches of the General Assembly, cer-
tain resolutions of several legislative bodies of our sister States. We likewise, as a component part of this great confederacy, solicitous that our position may be clearly defined, and the action of our beloved State, upon the great questions now being agitated in our republic, through us, their legal representatives, be clearly and explicitly avowed—we offer the following resolutions:

1. Resolved by the General Assembly of the Commonwealth of Kentucky, That with deep regret we have read the resolutions of the Legislatures of the States of Connecticut and Vermont. We see in those resolutions a determination, on their part, to sustain, by their legislative resolves, the Wilmot proviso, which passed the House of Representatives, in the Congress of the United States.

2. Resolved, That in our opinion the passage of said proviso would be a direct infringement on the rights of the slaveholding States—a flagrant violation of the compromise of the Constitution of the United States, which we hold most sacred, as well as an usurpation of power by the federal government, of a truly dangerous and alarming character.

3. Resolved, That the Constitution of the United States is a charter of definite and limited powers, and Congress transcends its legitimate functions whenever it interferes with the internal organization or domestic policy of any sovereign State or States of this confederacy.

4. Resolved, That all territory now or hereafter to be acquired by the United States, belongs to the several States, as their joint and common property, and as such, each and all having an equal right thereto, any enactment by the Federal Government which would, by its effects, prevent citizens of any of the States from emigrating to such territory with their property, whatever may be its description, would be in violation of the Constitution, a vital stab at our institutions and our dearest rights, and would have a tendency to subvert the Union.

5. Resolved, That in our judgment the present war with Mexico was founded in imperative necessity on our part, and could not have been avoided without hazarding the honor of the nation; and that, according to the usages of nations, we stand justified before the civilized world, and we believe it to be the duty of every patriot to sustain the government in prosecuting this war, which was brought on by the acts and doings of Mexico, to a reasonable termination and an honorable peace.

6. Resolved, That our Senators be instructed, and our Representatives in Congress be requested, to use their undivided exertions in sustaining the Government in accordance with the spirit and meaning of the foregoing preamble and resolutions.

7. Resolved, That His Excellency, the Governor of this Commonwealth, be and he is hereby requested to transmit a copy of these resolutions to the Executive of each State in the Union, with a request that they be laid before their respective Legislatures, and a like copy to the Senators and members of the House of Representatives from this State, in the Congress of the United States.

An engrossed bill, entitled, an act to amend the 65th section of the militia law, was taken up and laid on the table.
On the motion of Mr. Evans,
Ordered, That the Public Printer print 2000 additional copies of the annual report of the Superintendent of Public Instruction, for the use of the Senate.
And then the Senate adjourned.

5. An act to amend the road law of Greenup county.
6. An act to establish the town of Priceville, in Hart county.
Which bills were severally read the first time, and ordered to be read a second time.

2. Mr. Evans presented the petition of Major Weatherspoon, of Allen county, praying for the passage of a law to divorce him from his wife, Elizabeth Ann Weatherspoon.
3. Mr. Wall presented the petition of sundry citizens of the town of Brooksville, praying for the passage of a law to amend the charter of said town.
Which petitions were severally received and referred—the 1st to the committee on Internal Improvement; the 2d to the committee on Religion; and the 3d to the committee on the Judiciary.

Mr. Hobbs presented to the Senate the annual report of the President, Directors and Company of the Louisville and Portland Canal Company, which is as follows, to-wit:

**Twenty-third annual report of the President and Directors of the Louisville and Portland Canal Company.**

The balance in the Treasury, as shown by the last report, was appropriated in the purchase of shares, and 667 shares were taken, as authorized by a resolution of the stockholders, and the amount charged in the general account of the Company, which is as follows:

*Louisville and Portland Canal Company, in General Account:*

The balance on hand will be immediately appropriated to the purchase of about 526 shares of stock, as authorized by an act of Assembly, which, added to those purchased in the four previous years, will make 6,546 shares retired, leaving 3,454 shares to be hereafter liquidated.

The unusual high water during the spring and summer, making a loss of about three months toll, and the disastrous flood of December, have reduced the amount of tolls below those of last year, some $10,000. The great deposit of mud left in the canal by the late flood, and the damage to its banks from the same cause, will account for the increase in the expenses on the canal.

The Board deems it cause of congratulation to the stockholders, that the late flood, so destructive generally to the property on the Ohio, has done no more injury to the canal—the superintendent estimates that it can be cleared of its deposit of mud, and the banks repaired for about $10,000. The locks have already been sufficiently repaired to pass boats, and there is no other obstruction than a deficiency in the depth of water, caused by the heavy deposit of mud, which every exertion is being used to remove.

It will be noticed, by an item in the above account, that the State of Kentucky has taxed the entire property and franchises of the canal, consequently no stockholder can be held to give in the amount of his stock for taxation, and thus be subjected to a double tax.
The annexed table shows the number and tonnage of boats that have passed through the canal since its commencement. Respectfully submitted.

JAMES MARSHALL, President.
J. H. RHORER, Secretary.

JAN. 17.] JOURNAL OF THE SENATE. 75

FRANKFORT, January 17, 1848.

HON. A. DIXON,

Speaker of the Senate.

Sir: On the 20th of July last, the remains of the gallant officers and soldiers of Kentucky, who fell at the memorable battle of Buena Vista, were interred, with appropriate honors, in the Cemetery at this place. As nearly as could be estimated, 20,000 citizens assembled from various parts of the State, and united, on that day, to pay this last tribute of respect, and to consign to the bosom of their beloved Kentucky the remains of those who had so bravely sustained her banner in the field, and sealed their patriotism with their blood.

The enclosed preamble and resolutions were unanimously adopted by the citizens then assembled; and, in discharge of my duty as “Chief Marshal” of the day, I have the honor, herewith, to enclose them to you, that they may thus be laid before the honorable body over which you preside.

I have the honor to be,

Most respectfully
Your obedient servant,
A. W. DUDLEY.

WHEREAS, The people of Kentucky, feeling just pride in being among the first at all times to maintain the honor, and to defend the rights of our common country, responded promptly to her call for that purpose so soon as it was known she was engaged in a war with Mexico.

While engaged in that war, and on the battle field of the memorable Buena Vista, where victory crowned the national arms with success, many of the patriotic volunteers of this State, after having aided to add another laurel to our State chaplet, and while in the discharge of their patriotic duty fell, to rise no more.

It is truly the boast of a free people and grateful country, that they are ever ready to do honor to the memory of all who die in their defence, and we rejoice that Kentucky has set the example of gathering from the battle fields of our enemies, the remains of all those whose lives have been given in defence of the national flag, with a view of having them brought back to the land of their nativity and the home of their friends, to be deposited in a burial place belonging to the State and devoted to such purposes.

We, the people here assembled, are present to testify our respect for the valor of our departed countrymen while living, to mingle our sorrows with the friends of the honored dead, and to unite in paying the last earthly tribute of respect to their memories, by this public demonstration of our regret for their fall. To carry out this proper manifestation of public regard, we believe a monument and appropriate cenotaph to perpetuate their names and heroic deeds, should be erected by the State over their graves. Therefore,

Resolved, That this mass meeting of the people of Kentucky, assembled for the purposes and objects stated in the foregoing preamble, do respectfully recommend to the next Legislature of this State, to make a suitable but liberal appropriation to procure the erection of a monument over the remains of all the officers and soldiers who may be buried in the State grounds of the Frankfort Cemetery.

The Speaker laid before the Senate a communication from the President of the Board of Internal Improvement, in response to a resolution adopted by the Senate on yesterday, which is as follows, to-wit:

Office of Board of Internal Improvement,
February 2d, 1848.

In reply to the resolution of the Senate of yesterday, I have the honor to state: that soon after the passage of the law of 1843-4, page 75, the
Board addressed a circular to the President and Treasurer of each Turnpike Road Company, in which the State is a stockholder, requiring them to forward a statement of the indebtedness of their respective companies; the individuals to whom indebted; and the amount due to each. Mr. D. S. Howell, President, and Spotswood Wills, Treasurer, of the Bardstown and Green river road, reported that there was due to various persons the aggregate sum of eighteen thousand one hundred and eighteen dollars ninety one cents, ($18,118 91;) the list contained the name of Spotswood Wills, as a creditor of said Company, in the sum of two thousand dollars, ($2,000.)

This report of indebtedness is made out by said Wills, as Treasurer, and sworn to by himself and President Howell; and upon it the Board have paid to Mr. Howell, as the attorney in fact for Mr. Wills, the sum of thirteen hundred and thirty-three dollars thirty-three and one third cents, ($1,333 33¼;) being two-thirds of the whole sum due him. This payment was made on the 11th of June, 1844, and liquidates the State's portion of the debt due to Wills. The Board supposes that no work has been done on said road since the date of that payment; they have authorized none to be done, and none could have been done lawfully, by which the State would become further involved in debt.

Very respectfully,

THOMAS METCALFE, P. B. I. I.

Sec. 4. **And be it further enacted**, That the sum so used by the Board shall be taken and considered as so much stock subscribed on the part of the State, and shall be divided into shares of twenty-five dollars; and it shall be the duty of the Board to make a report of the sums of money used by the said Board in the construction of the road, to the State Board, who shall, upon the books of the State Board, enter the same, as so much stock subscribed on the part of the State; and on the completion of said road, the Board of Internal Improvement for Mercer county shall have the same right to collect tolls from this road as they have on the Franklin and Crab Orchard road.

Whereas, the turnpike road leading from Louisville to Crab Orchard, passes within two miles and a few poles of the Kentucky river, near the town of Salvisa, in the county of Mercer, and it is of deep interest, as well as desirable to the people of a very large section of country, to connect the said road with the Kentucky River Navigation; and by the report of one of the State engineers, said road and river can be connected by a good turnpike road for a sum not exceeding eight or nine thousand dollars, which will bring to the river navigation a large increase of tolls and exports. Be it enacted by the General Assembly of the Commonwealth of Kentucky, That the Board of Internal Improvement be, and they are hereby authorized to enter into a contract for the construction of a good turnpike road, of the usual width, from the town of Oregon, at Harrod's landing, on said river, to the Louisville and Crab Orchard road, at the town of Salvisa, and not further south than the Methodist church, near said town, either by private contract or by letting said road to the lowest bidder, after publicly advertising the same, by giving thirty day's notice in some authorized newspaper printed in Frankfort; and for the purpose of aiding in the construction of said road, the said Board is hereby authorized to draw from the Treasury one thousand dollars, annually, for five years, commencing on the first day of September next, which is hereby appropriated for that purpose, out of any money in the Treasury not otherwise appropriated.
Sec. 2. That any balance required for the completion of said road, by the said Board, beyond the sums named, shall be paid by the county of Mercer, or private individuals, and no further demands shall be required from the State.

Sec. 3. That the route of said road shall be located by one of the river engineers, in accordance with the existing laws in relation to public roads; and when said road is completed, the same shall be under the jurisdiction and kept in repair by the said County Court of Mercer, as other public roads.

Sec. 4. That no contract shall be closed, under this act, until the amount shall be subscribed by the County Court of Mercer, or by responsible individuals, or by both, payable to the President of the Board of Internal Improvement, sufficient to complete said road from Oregon to the turnpike road from Louisville to Crab Orchard.

Mr. Williams read and laid on the table the following joint resolutions, to-wit:

1. *Resolved by the General Assembly of the Commonwealth of Kentucky*,
   That by the 1st article and 8th section of the Constitution of the United States, Congress alone has the right to declare war; the language of the Constitution is, "the Congress shall have power to declare war, grant letters of marque and reprisal, and make rules concerning captures on land and water."

2. *Resolved*, That we view with jealousy and distrust, any attempt on the part of the President of the United States, to wrest from Congress this important power—a power exercised by the kings and despots of the world—without the consent of the people, and to break down and destroy the liberties of mankind.
3. Resolved, That the act of the President, in ordering the troops then under the command of Gen. Taylor, to march on and take forcible possession of territory then in dispute between the two Republics, and before any declaration of war had been made by either government, was an overt act of war, and ought not to have been done without the consent of Congress.

4. Resolved, That there was nothing in the relations of the two countries, that made it necessary, on the part of the President, to act precipitately, and to violate the Constitution of the United States, or to usurp a power appertaining solely to a co-ordinate department of the Government.

5. Resolved, That as Congress was then in session, it was the duty of the President to have announced to that body the relations which existed between the two countries, and not by his mere motion, to have plunged the nation into a war with a neighboring sister Republic, which prudence and discretion might have prevented, and should have avoided.

6. Resolved, That although the President acted precipitately, and without the consent of Congress, yet Mexico had not been in the right, but had given to the United States just cause of complaint, and which might have justified Congress, in the event that the difficulty between the two nations could not have been settled upon honorable principles, in resorting to arms, as a last alternative.

7. Resolved, That by the usage and custom of nations, the United States may claim of Mexico, as her conqueror, indemnity for the expenses of the war; yet we would recommend to the treaty-making power of the Government, to whom alone the settlement of the question of indemnity belongs, the propriety of placing the United States upon high principles of justice and magnanimity, and not exact from a weak and fallen power, that which would be, in us, unjust to take, and to her dishonorable and ruinous to give.

8. Resolved, That we deprecate any attempt, on the part of the Government, to make Mexico an integral part of the United States, by conquest: 1st. Because it would incorporate, as a portion of the population of the U. States, between eight and nine million of people, of different races and language, without their consent, and with customs and habits dissimilar to our own, and with the most bitter prejudices excited in their bosoms against us and our institutions; and 2dly. Because it would be in violation of that great principle which lies at the foundation of our free institutions, and which proclaims the inalienable right of the people to select their own form of government, to change or abolish it, and to institute a new one, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness; and 3dly. Because it would subject the Government of the United States to millions of money, annually, and endanger the perpetuity of the Union, by giving the control of our government into the hands of a hostile people, composed of Indians, negroes and Spaniards, half bloods and mongrels.

9. Resolved, That the cold blooded murder of our countrymen at Goliad and the Alamo, while manfully struggling for independence, by that ferocious ruffian, Santa Anna, is still fresh in our recollection; and the admission of this same bloody tyrant, through the American fleet, into Mexico, by a free pass from the President of the United States, deserves the indignant censure of every American patriot; and when we call to mind the thousands and tens of thousands which have since been rallied by this bitter and determined foe of our country, and the precious blood of our countrymen spilt...
upon the glorious fields of Buena Vista, at Cerro Gordo, at Contreras, at Cherubusco, at Molino del Rey, at Chapultepec, and at the city of Mexico, and now see this same desperate and determined leader, driven from the Capital to the mountains, where he now remains, ready to murder the Peace Commissioners of his own country, if they should dare to treat with us—we feel that the President of the United States has taken upon himself a most fearful responsibility, and will, and should, be held to a strict account by the American people.

10. Resolved, That we admire and approve the patriotism of those members of Congress, who, though they believed the war with Mexico was unconstitutionally commenced, yet voted ample supplies of men and means to relieve and sustain our gallant army, after the battles of Palo Alto and Resaca de la Palma; and since the recognition, by Congress, of the war, we approve of its vigorous prosecution for its only legitimate object—an honorable peace; but the people who fight the battles and pay the expenses of the war, are entitled to receive from the President a definite, a frank, and plain avowal of its ultimate objects, hitherto withheld.

11. Resolved, That we honor and admire the patriotism and chivalry of the brave young men of Kentucky, who, forgetting differences of political sentiment, and leaving all questions in regard to the commencement of the war, where they properly belong; rallied promptly around the flag of the nation, and gloriously defended it on the bloody fields of Monterey, Buena Vista, Vera Cruz, Cerro Gordo, and every other field on which they were engaged, with a heroism worthy the renown of our honored Commonwealth.

12. Resolved, That we consider the Wilmot Proviso as a firebrand thrown into the temple of freedom, which may consume and destroy it; and as this was done by one of the great leaders of the Democratic party, let that party answer to the country for the conduct of its associate and compleer.

The rule of the Senate being dispensed with, the said resolutions were taken up and referred to the committee on Federal Relations.

Ordered, That the Public Printer print 150 copies of said resolutions, for the use of the General Assembly.

**Gentlemen of the Senate and House of Representatives**:

I avail myself of the earliest opportunity to lay before you a letter received last Saturday evening from Maj. Gen. Zachary Taylor, in answer to a resolution of the General Assembly inviting him to visit the Capital of Kentucky during the present session of the Legislature.

**FEBRUARY 7, 1848.**

Baton Rouge, La.

January 24, 1848.

Sir: I have the honor to acknowledge the receipt of your Excellency's letter of the 12th inst., enclosing to me a copy of the preamble and resolutions adopted by the Legislature of Kentucky, in which they have been pleased to invite me to visit that body during its present session.

I beg to assure your Excellency that this high evidence of the kind regard which exists towards me among my fellow citizens of Kentucky, has been received by me with emotions of the liveliest gratitude; and I have to request that you will convey to them, through this distinguished body, my profound acknowledgments for so unmerited an honor.

A just sense of my obligations to your patriotic State, and a recollection of the many old friends and acquaintances that I have among you, strongly urge me to yield to the flattering request contained in the resolutions before me; but, I regret to inform you, that the circumstances under which my present leave of absence was obtained, render it so clearly proper, in my opinion, that I should remain in or near this place until I am again required for duty, that I am constrained to forego this pleasure. With my best wishes for your health and success through life, I have the honor to be,

With great respect,

Your Excellency's ob't serv't,

Z. TAYLOR.

To his Excellency, Wm. Owsley, Governor of Kentucky, Frankfort, Kentucky.

The Speaker laid before the Senate a communication from the President of the Board of Internal Improvement, which is as follows, to-wit:

**Office of the Board of Internal Improvement.**

February 7th, 1848.

Please lay the enclosed before the Senate.

I have the honor to be,

Your ob't serv't,

THOMAS METCALFE, P. B. I. I.

Hon. A. Dixon,

Lieut. Governor and Speaker of the Senate.
In obedience to the joint resolutions of the Senate and House of Representatives, approved the 29th ult., requiring the Board of Internal Improvement "to engage the services of a competent engineer, and ascertain the cost of repairing and putting in a condition, according to the most approved plan of running steam-cars, the Lexington and Ohio Railroad," &c., the Board called upon C. N. Warren, Esq., Civil Engineer, for the purpose of obtaining from him such information as he could furnish, from certain surveys and documents, understood to be in his possession, applicable to the case; and we are indebted to the politeness of Mr. Warren for the information and estimates contained in the accompanying letter over his signature. This estimate of Mr. Warren is for a line of road commencing at the wharf on the river, and running along the present track on Broadway to a point near its junction with Main street—thence, passing through a tunnel under the Turnpike, to the side of the cliff next to the river—thence up the side of the cliff, passing below the Cemetery, and continuing until it connects the new with the old line, at the distance of three and a half miles.

Still further to enable the Board to report whether there was not "a more practicable route than the present, of reaching the Kentucky river," we availed ourselves of the services of Thomas Conn, Esq., Superintendent of the Kentucky River Navigation, who, with the assistance of some chain carriers and rodmen, made an examination of three different routes, as will be seen in the accompanying report over his signature.

From the report of Mr. Conn, it will be seen that the most practicable route for approaching the river is at a point nearly opposite Mrs. Hickman's stable, situated on the slope of the hill on the side of the Turnpike. By making this point the terminus of the Railroad upon the river, the cost of construction will be many thousand dollars less than by running it to the present wharf, or to any other point within the limits of Frankfort, provided no difficulty should arise in acquiring the right of way through the streets, and in obtaining lands suitable for a wharf, warehouse, &c. If the object is to connect the Railroad, belonging to the State, with her slackwater navigation, without regard to the contemplated Louisville and Frankfort Railroad, it is not to be doubted that this route and this terminus of it is much the most fit and suitable that can be had. It is the best grade, the shortest and cheapest route, dispensing with any tunnel, a good location for a wharf, and such other improvements as may be required. It appears that by the charter granted to the Louisville and Frankfort Railroad Company, the State has surrendered her right of way from St. Clair street, in front of the Capitol, along Broadway to the river, together with her lands, warehouse and wharf, to that Company—thus disconnecting her own Railroad from her slackwater navigation, at the point where the Railroad terminated. She has now no alternative but to connect the road with the river near the stable alluded to, or, at an increased cost, to reach some less fit and suitable point.

In reply to the second resolution, requiring the Board to "ascertain, by bids or otherwise, what price can be had for the Railroad, and to give their opinion of the probable effect which its sale would have upon the profits of the navigation of the Kentucky river," the Board would respectfully remark, that it will not be practicable to obtain and communicate the information required, during the present session of the Legislature, as fully and sat-
isfactorily as the resolution contemplates. This part of their duty will be performed, and much more exact and minute estimates prepared for their report to the next session. It is obvious, however, that a surrender of the Railroad to a private Company might have a deleterious effect upon the navigation, unless it is prevented by judicious restrictions in the charter, and a reservation, on the part of the State, of the right, thereafter, to purchase out the individual or other stockholders, upon such equitable terms and conditions as the Legislative wisdom may dictate, when granting the charter. The interest of the Railroad Company may be made to conflict with that of the navigation; and the State authorities, not having any control over the former, which is a great feeder to the latter, and part and parcel of the same line of improvement, the State would be apt to lose by such a conflict. For instance, at this time, one-half of the whole cost of transportation between Lexington and Louisville is paid to the Railroad Company—their line of improvement being but 28 miles in length, and that of the State, from Frankfort to the mouth of Kentucky river, 66 miles, besides as many miles more upon the Ohio river. This allotment to the Railroad is more than its equitable proportion of what is received upon the whole line. But by a firm, and not an illiberal, administration of the river improvement, those conflicting interests may be reconciled and made to operate harmoniously enough, by terminating the road at the point intimated, and thereby giving a preference to the navigation in the reception of freight from the cars, over the Louisville and Frankfort Railroad.

How far the honorable Senate and House of Representatives may deem it expedient and proper to guard the interests of the State against the hurtful competition herein intimated, is for their honors to determine. It is believed to be the general practice in other States, and perhaps in all countries, when granting charters to companies to make lines of improvement, in competition with the improvements of the State, carefully to guard against hurtful competition. For instance, if, in New York, a charter is granted to a company to run a Railroad parallel with a canal owned by the State, the former is restricted against the transportation of freight, except when the canal navigation is obstructed by ice or otherwise. In any event, the Kentucky river will have to yield up the passenger custom to the Louisville Railroad, the tolls upon which, during the past year, was $15,775 88, and was much less than it would have been if the steamers had been running regularly every day of the week—the gross amount of loss to the steamers would have been, during the same period, between three and four times the above sum: all of which operates as a serious drawback upon the full and entire success of the navigation: for it is a matter of the utmost importance, that the business upon the river be increased, instead of diminishing it.

To prove the importance of connecting the Lexington Railroad directly with the river, it may be added, that the cost, at present, of transportation of freight and passengers, between the river and the top of the hill where the cars stop, according to the information of the Board, exceeds $7,000 per annum, besides the increased cost of repairing the Versailles turnpike, consequent upon the destruction occasioned by the cars and hacks of the Railroad. The indispensable necessity for such direct connection will be the more apparent, when we reflect that the City of Lexington, and adjacent country, will have to be supplied with the article of coal, taken from the river wharf upon this Railroad.

THOS. METCALFE, P. B. I. I.
To the Board of Internal Improvement of Kentucky:

Sirs:—In obedience to your orders, to examine the various routes by which a Railroad may be constructed from the town of Frankfort, to connect with the present Lexington and Ohio Railroad, so as to avoid the necessity of using an inclined plane, and the probable cost of construction, before giving the result of my examinations, I beg leave to state to the Board, that, from the hurried manner in which the surveys were made, that great accuracy could not be observed, and hence the following costs of graduation are only approximate.

The route first examined is the one leading up Brown's bottom, in the direction of the Cove Spring. The elevation of the hill, on this route, allowing a cut of 15 feet at the top of hill, is 237 feet; and the distance two miles and 8-10ths, which will give a grade of 84½ feet to the mile. The cost of graduation, on the above 2 and 8-10th miles, would be between fifteen and twenty thousand dollars per mile. The heavy grade on this line will preclude all idea of constructing a road on this route.

The next route examined, is the one leaving the present road 4½ miles from Frankfort, by the Railroad, thence down Vaughn's branch to O'Hara's farm, thence up a small branch, (heading in O'Hara's field,) thence across a low gap and down one of the ravines of Yeatman's branch, thence down Yeatman's branch to a point opposite Macklin's Pork House, thence down the Kentucky river to the crossing of Main and High streets, thence to the Railroad in Broadway street.

The above route I consider the best and most practicable route of any route surveyed, on account of the grade, which will not exceed 67 feet to the level of Broadway street; and if the road should stop at Mrs. Hickman's Stable, in the town of Frankfort, on the Kentucky river, the grade will not exceed 58 feet to the mile. The whole distance from the Railroad, at the turning off point, is not less than 23,400 feet, or 4 miles and 43-100 to the crossing of Broadway and High streets.

The cost of graduation, on this line, will depend upon the manner of constructing the road. If the point of rock between Yeatman's branch and the Kentucky river shall have to be tunnelled, the cost will probably be $12,000 per mile, and the grades as above stated. There is another plan for constructing the road, which, if found practicable upon minute examination, will cost from $1,500 to $2,000 per mile less than the plan for tunneling, and the grade (from the increased distance,) lessened to about 50 feet or less, to the mile.

There is one other line examined, which leaves the last line above, 4,600 feet from the beginning, and diverges to the right hand, and thence across a gap in Gen. Dudley's field, and down Yeatman's branch to a junction with the other line. The grade, on this line, would be about 75 feet to the mile. The cost of graduation about the same as the other, the distance being the same.

All of which is most respectfully submitted.

THO. CONN.
To Gen. Metcalfe,

President of the Board of Internal Improvement:

To re-lay the track of the Railroad from Lexington to Frankfort, with a heavy rail, it would require, for each mile, as follows:

- 9,806 tons of iron, at $65, - 6,073 90
- 5 tons cast iron chains, at $80, - 400 00
- 1 ton wrought iron spikes at $120, - 120 00
- 1,119 cross-ties, locust, at 35 cents, - 250 00
- 5,000 feet oak hewed sills, at 5 cents, - 250 00
- Labor of laying track, $2.50 per rod, - 750 00

Total, per mile, - $ 8,583 10

This amount for 28½ miles, - $244,618 35
Amount necessary for grading 3½ miles of new road, at $10,000, - 35,000 00
Depots at Frankfort, - 5,000 00
Wharf at the river, say - 3,000 00
Right of way, say - 7,381 65
Contingencies, including superintendence, &c., &c., - 5,000 00

I have examined the route down Yeatman's branch, diverging from the present line of road, 3 miles from town, and ascertained the distance to be 3½ miles, and the fall 283 feet. This would allow us to descend into the level of the town of Frankfort by a grade of 80 feet to the mile, which is available for engines of heavy weight. The cost of preparing a road bed for that line, I have estimated at $10,000 per mile, not having had time to make accurate calculations from an instrumental survey. The estimate for right of way is also not based upon any fixed data, but assumed as a maximum. The difficulty of reaching the river, to avoid great labor of transhipment of freight, is well known to you; and at present, I am not prepared to suggest any plan to reduce this labor to the least possible amount.

Very respectfully,

C. N. Warren.

A message, in writing, was received from the Governor, by Mr. Reed, Secretary of State, which was taken up and read as follows, to-wit:

Gentlemen of the Senate and House of Representatives:

In my annual message, communicated to you at the commencement of the present session of the General Assembly, it was shown that there had been an increase of the funded debt of the State, above what it was at the commencement of the preceding General Assembly, by the amount of $10,159 86. This apparent increase of the debt, grew out of the fact that the holders of the Kentucky State Bonds that were due, failed to present them at the Treasury for payment, as they were notified, by proclamation, to do.

The act of the present session of the General Assembly, with regard to those bonds, has had the desired effect of forcing them in for redemption, and, I am gratified to be able to state to you, that since the commencement of the present session, there has been paid off of the public debt:

<table>
<thead>
<tr>
<th>Bond Type</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>6 per cent. 6 years bonds</td>
<td>$14,600.00</td>
</tr>
<tr>
<td>6 per cent. 6 years Railroad bonds</td>
<td>1,000.00</td>
</tr>
<tr>
<td>5 per cent. bond</td>
<td>1,000.00</td>
</tr>
</tbody>
</table>

Total amount of payments, $16,600.00

Thus, not only has the increase of the debt been paid off, but the debt itself has been reduced below the minimum at which it stood when the increase took place.

The means of the Sinking Fund have not only been sufficient to diminish the debt, as above stated, but there remains at this time, in the Treasury, to the credit of the Sinking Fund, the amount of $177,182 37. This amount, together with the anticipated receipts, will enable the Commissioners, in the course of the present year, to meet promptly the accruing interest of the debt, and to diminish, still further, the principal of the debt to the extent stated in my message at the commencement of the session.

Supposing you would like to have a knowledge of this change in the State debt, and of the present prosperous condition of our financial affairs, to bear home to your constituents, I have felt called on to communicate them.

WHEREAS, the construction of a Railroad across the continent of North America would make the United States the great highway between Europe and the populous and wealthy Empires of Asia; would greatly facilitate our own intercourse with those regions; would consolidate the interests of our Union; would connect and bind Oregon and the Pacific coast to us; and would give a fresh impetus to our great agricultural, manufacturing, and commercial interests: and whereas, this stupendous work can be accomplished by an appropriation and sale of the public lands, which constitute a fund applicable for defraying the expenses of the undertaking, as a small part of them would furnish the means, and the value of the remainder would be greatly enhanced thereby; and whereas, the plan of Mr. Asa Whitney, of New York, in its great outlines, is, in our opinion, the only practicable scheme, if one be practicable, for the accomplishment of this great undertaking, which should be commenced without delay. Therefore,
1. Be it resolved by the General Assembly of the Commonwealth of Kentucky, That we approve of Mr. Whitney's plan, as explained by himself to us, of attempting the constructing a Railroad from Lake Michigan to the Pacific Ocean, from an appropriation and sale of the public lands on its line, connecting the sale and settlement of the lands with the building of the road, making it an individual enterprise, still under the control of Congress; and we earnestly recommend its adoption, and the measure to the early and favorable consideration and action of Congress.

2. Be it resolved, That our Senators and Representatives in Congress be and they are hereby requested to give this measure their prompt attention and favorable consideration.

3. Be it resolved, That His Excellency, the Governor, be and he is hereby requested to transmit a copy of these resolutions and preamble to the Executive of each of the States in the Union, and a like copy to the Senators and members of the House of Representatives from this State in the Congress of the United States.

The undersigned, Commissioners appointed by an act of the Legislature of Kentucky, for the benefit of Shackleford & Pullen, have discharged the duty assigned them, and beg leave to report:

That they sent one of their number, (Mr. Philip Swigert,) to Cincinnati, Madison and Louisville, for the purpose of getting good and competent workmen to come to Frankfort, examine the work and make an estimate of its value. Mr. Swigert, after consulting gentlemen of the highest respectability in each of the three places, and, upon their recommendation, procured the attendance of Mr. Taylor of Cincinnati, Mr. Moore of Madison, and Mr. Irwin, of Louisville, who were recommended in the highest terms as skillful workmen, and gentlemen of high standing and unimpeachable reputa-
tion. We have taken their depositions, which are herewith returned; we also, at the instance of Mr. Shackelford, took the statements of Messrs. Gorman, Atkinson and Stealey, which are likewise herewith returned.

The Treasurer has already paid the bills for materials, and we only estimate the value of the work done.

Although we believe, from the evidence, that the work is not done in a superior style or of first rate workmanship, still your Commissioners recommend the payment of the amount estimated by Messrs. Irwin, Moore and Taylor, viz: $3,321 05, in full of all claims against the State of Kentucky to Messrs. Shackelford & Pullen, on account of work done by them on the Capitol.

Respectfully submitted.

Mr. J. Speed Smith presented to the Senate a communication from Mr. James M. Rice, which is follows, to-wit:

“To err is nature, and to rectify error is human glory.” I was wrong in the vote I gave on the resolutions complimentary to Major General Scott, and the officers and soldiers under his command, for the many brilliant victories achieved by them in the war with Mexico. At the time the vote was given I was under some excitement, and before the vote was announced by the Speaker I intended to correct my vote; this I would certainly have done had not two of my friends in the Senate come to me, in a few minutes after the vote was given, and conversed with me on the subject in my seat; then, lest some might say they caused me to change my vote, I determined on making a statement in the form here presented. I represent a constituency that, I am proud to say, without one exception, as far as I know or believe, feel proud of the victories achieved by our arms in the war with Mexico, and whose hearts are ever filled with gratitude to the ruler of the destinies of nations, and thankfulness to the brave and patriotic officers and soldiers thus giving to us such imperishable renown: and permit me further to say, that I, together with a majority of my constituents, believe that the war in which we are now engaged with Mexico, is just on the part of the United States, and could not have been honorably avoided on our part.

JAMES M. RICE.

Mr. James, from the joint committee in relation to the erection of a public monument, made the following report, to-wit:

The Joint Committee, to whom was referred so much of the Governor's message as relates to the erection of "one common monument, worthy of her fallen sons, to mark the spot, and tell to future ages the esteem in which a magnanimous Commonwealth holds her chivalric and devoted sons;" and to whom was also referred the resolutions of near 20,000 of our citizens, who, when assembled at the burial of those who fell at the ever memorable battle of Buena Vista, requested the Legislature to cause a suitable monument to be erected to their memory—beg leave to report:

That they have given to the subject their serious and careful consideration. They have visited the spot in the Frankfort Cemetery, where the remains of many of Kentucky's most noble and patriotic sons, (officers and soldiers,) who fought and fell side by side in a foreign land, now lie, side by side, in the bosom of their own beloved State. The patriot will, in time to come, make his pilgrimage to their graves, and while the tear falls for their loss, his heart will swell with pride at the reflection that they fell in the defence of the honor of their country.

Your Committee feel that it was proud day for Kentucky, when the common soldier, who fell in a foreign land, was brought home and buried beside his officer, in view of her capitol, where their torn and blood-stained flag has been deposited by their surviving companions in arms.

Your Committee cannot omit to state that, in addition to those who rest in the public ground of the Cemetery, Kentucky has had cause to mourn the loss of many of her most gallant and gifted sons, who, during the Indian wars, the late war, and the present war, have laid down their lives to maintain the honor and advance the glory of their country. The casualties of war have caused their remains to rest in a distant land, and as yet no stone has been raised to commemorate their deeds, or hand down their names to posterity.

Your Committee would therefore recommend that, to preserve and perpetuate the names of those who have fallen in defence of their country, and to testify to the world the high regard that Kentucky cherishes for her patriotic and noble dead, and to stimulate those who may come after us to emulate the deeds of their ancestors, a military monument, worthy of the State, should be erected in the centre of the State mound of the Frankfort Cemetery.

In closing their report, your Committee take pride in stating that, however the people of Kentucky may differ upon questions of National and State policy, they can never fail to unite in every effort to sustain the honor of her flag, and in honoring those who die beneath its folds.

Your Committee beg leave to report the following bill for the consideration of the General Assembly.

THOMAS JAMES, Chairman Senate Committee.

LESLIE COMBS, Chairman H. R. Committee.

Mr. Hobbs presented to the Senate a communication from Mr. P. Butler and Mr. W. T. Barbour, covering a letter from Major George A. Caldwell, of the Voltiguer Regiment, on service in Mexico, tendering to the State of Kentucky a brass cannon captured at the battle of Cerro Gordo.

The said communications are as follows, to-wit:

To the General Assembly of the Commonwealth of Kentucky:

We beg leave to lay before you a letter from the Hon. George A. Caldwell, late a member of Congress from the 4th District of Kentucky, now Major of the Voltiguer Regiment, on service in Mexico.

You will perceive, by reference to the letter of Maj. Caldwell, that he has requested us, (together with Col. Johnson, now absent,) in his name, to present to his native State a brass cannon, captured by our army at the memorable and eventful battle of Cerro Gordo.

This piece of ordinance is of Spanish manufacture, and was one of three guns which composed a battery under the command of Gen. La Vega, all of which were taken by our victorious troops. Being unable to preserve the numerous trophies won by their gallantry, the guns of La Vega’s battery were spiked and thrown into the Rio del Plan.

Major Caldwell, whilst on his recent march from the city of Mexico to Vera Cruz, having halted on the battle field of Cerro Gordo, conceived and executed the design of recovering one of those cast-away trophies, won in part by the courage, and at the cost of the blood of Kentuckians, for the purpose of sending it to the State of Kentucky, as a monument of her title to share in the honors of that glorious day.

We, therefore, in the name and on behalf of Major George A. Caldwell, present to the State of Kentucky a long brass six pounder cannon, captured from the Mexicans by the American Army at the battle of Cerro Gordo, and request you, as her representatives, to accept and carefully preserve it. The gift is an interesting one. It is associated with events that swell the historic renown of the Republic.

The giver is a son of Kentucky, who bore an honorable part in the battle of Monterey, and in all the signal conflicts of the valley of Mexico.

Very respectfully, &c.  

P. BUTLER,  

W. T. BARBOUR.

VERA CRUZ, February 3, 1848.

Gentlemen—I send to Kentucky, by Lieut. Wm. C. Wagley, of the 3d Dragoons, a cannon taken by our army at the battle of Cerro Gordo. As I cannot be there in person, I take the liberty of requesting that you will take charge of the gun and present it, in my name, to the State, in the manner most convenient to yourselves, as a trophy of a foreign war, in whose toils and perils so many of her gallant sons have voluntarily and most nobly participated.

On my way to this place, from the city, in command of a large train, I took advantage of the delay caused in crossing the wagons over the river—
the enemy having destroyed the bridge—to recover this cannon from a deep hole in the river, where it had been thrown by our troops after the battle of Cerro Gordo. I desire that it shall be kept at the seat of government, and if the State should cause to be inscribed upon it the names of the distinguished and gallant Kentuckians who have fallen upon the various battle fields of the Mexican war, such a tribute to their memories would greatly enhance the pleasure of having secured, to my native State, a suitable trophy of a war in which our gallant little army has, upon every battle field, gathered unfading laurels, and whose achievements, unequalled in modern warfare, have excited the admiration of mankind, and must secure to us the respect of all nations, so long as Buena Vista, Cerro Gordo and Chapultepec shall find a place in history.

I have the honor to be, gentlemen,

Your friend and obedient servant,

GEORGE A. CALDWELL.

To Col. R. M. JOHNSON, Scott county; Col. P. BUTLER, Louisville; Lieut. W. T. BARBOUR, Oldham county.

Sec. 2. Jailers shall not hereafter be appointed for and during the pleasure of the court, but for the term of four years; and the office of the several jailers in this Commonwealth shall expire this year at the autumn Courts of Claims, of the several counties in this State, at which time it shall be the duty of the several County Courts to appoint jailers, who shall hold their offices for the term prescribed by this act; and as often as any office of jailer shall become vacant by death, resignation, lapse of time, or removal by order of court, the said courts shall fill the vacancy by an appointment for four years, from the date of such appointment.

Sec. 3. It shall be the duty of the several County Courts of this Commonwealth, to furnish the jail with all the necessary and comfortable furniture for the prisoners therein, and medicines and medical and surgical aid

On the motion of Mr. Helm,

Resolved, That upon the trial of John A. Duff, the Managers or counsel for the accused, may, upon any question arising from the decision of the Court, have the right to ascertain the vote of each member of the Court, by calling for the vote of each member by name.

Mr. Harlan, counsel for respondent Duff, moved the Court to reconsider the opinion ordering the cause to be continued, and the question being put, will the Court reconsider said opinion? it was decided in the negative—Yeas—6. Nays 21.

Those who voted in the affirmative, were—

Messrs. Crenshaw, Hawkins, Thomas,
Evans, Heady, Thurman—6.
Those who voted in the negative, were—

Messrs. Boyd, Hobbs, Swope, 
Bradley, Holloway, Taylor, 
Bramlette, James, Todd, 
Brien, Marshall, Walker, 
Hambleton, McMillan, Wall, 
Hardin, McNary, Williams, 
Helm, Patterson, Young—21.

It is ordered by the Court that this cause be continued until Friday, the 11th day of February next, at the cost of John J. Godsey, the prosecutor, who is to pay the respondent his costs occasioned by reason of this continuance.

On the motion of the Managers, Ordered, That an attachment issue against Solomon Everidge, James Brashears, William Lusk, Jeremiah Combs, Samuel Smith, Malinda Meready, William Collinsworth, Patrick Napier, Stephen Napier, Micajah Napier, James Williams, Samuel Campbell, William Campbell, William Campbell, James Johnson, Isaac Spencer and Jesse Combs, witnesses summoned on behalf of the Commonwealth, who have failed to appear, although called, returnable to Friday the 11th day of February next; and the Sergeant-at-arms of the Senate, upon executing said attachment, is directed to admit the said persons to bail for their personal appearance in Court, on said day, in the penalty of $50 each, with good security.

Elijah Combs, Sen., came personally into Court, and acknowledged himself indebted to the Commonwealth of Kentucky in the sum of fifty dollars, of his goods and chattles, lands and tenements, to be levied, and to the use of said Commonwealth rendered; yet to be void upon the condition that the said Elijah Combs, Sen., shall personally appear before the Senate of Kentucky, sitting as a High Court of Impeachment, on Friday the 11th day of February next, to testify, and the truth to say, in behalf of the Commonwealth of Kentucky, in an impeachment pending before the Senate of Kentucky, sitting as a High Court of Impeachment, in which the House of Representatives have impeached John A. Duff, Surveyor of Perry county, for high crimes and misdemeanors; and that he shall not depart thence without the leave of said Court.

On motion, the Court then adjourned until Friday, the 11th day of February next, at 12 o'clock.
Friday, February 11, 1848.

HIGH COURT OF IMPEACHMENT.

The Court having been opened by proclamation,

Ordered, That a message be sent to the House of Representatives to inform them that the Senate is now ready to proceed on the trial of the impeachment of John A. Duff, Surveyor of Perry county, and Mr. Patterson was directed to carry said message.

The Managers attended.

John A. Duff being called, attended, accompanied by his counsel, Mr. Harlan and Mr. Harris.

On the motion of Mr. Harlan, Daniel Breck, Jr. was admitted to a seat on the floor of the Senate, as assistant counsel for the respondent, John A. Duff.

The answer of said Duff to the articles of impeachment, was then read by the Clerk as follows, to-wit:

The said John A. Duff, saying to himself all exceptions whatsoever to the said several articles, and the charges therein contained, answers and says:

As to the first article, he says: he was duly appointed Surveyor of Perry county in the month of April, 1821, and executed bond and took the several oaths required by the then existing laws; and at the several periods thereafter, as required by law, he did execute bond as Surveyor, as aforesaid. He therefore says, that the allegations in said article, and each of them, in which he is charged with negligently failing to execute bonds in the years 1825, 1830, 1835, 1840 and 1845, and hath wholly failed to execute bond since the year 1831, are not true.

In answer to the second article, he says: he has never failed or refused to give to Elijah Combs, or to any citizen of Perry county, any information relative to the books and papers of his said office of Surveyor, when applied to for that purpose, at the place where he kept his said office. He, therefore, denies the allegations contained in said article, and the inferences deduced therefrom.

And this respondent further says, that the Elijah Combs, referred to in said article, was, at the time mentioned therein, and is now wholly illiterate, and incapable then, as he now is, of reading a single word, or of making any examination of manuscript or printed books.

In answer to the third article, respondent says: that several years since—the precise time he does not now remember—Stephen Campbell employed him to furnish a warrant, and survey for him 50 acres of land, to adjoin a larger tract then owned by him; and in strict pursuance to his engagement with said Stephen, he did make a survey of 50 acres of land adjoining said Stephen's land, and procured him a patent therefor. About two years afterwards, Samuel Campbell employed respondent to procure for him 50 acres of land on Campbell's creek, a branch of the north fork of the Kentucky river. Respondent furnished the warrant, surveyed the land, and re-
turned the plat and certificate to the Register's office, and on which a patent issued. Respondent says, he advanced the money for the warrants, made the surveys, and was at the trouble and expense of procuring the patents, for which he received the sums agreed upon.

The sums paid, embraced the fees allowed by law to the Surveyor, and was the subject of contract fairly made, and well understood by the parties at the time. Whether the whole amount paid by said Campbells to respondent was or not $28 50, he does not now remember. He denies having extorted from said Campbells, or either of them, at that or at any other time, any money to which he was not legally, morally and justly entitled to receive from them. He believed then, as he now does, he had the lawful right to make contracts for the sale of land warrants, and procuring patents therefor. It was a business which required to be transacted at the Seat of Government, and the parties chose to employ him to perform the service and pay him therefor. He denies making any survey for either of said Campbells in the year 1840. Every allegation in said third article inconsistent with the statement here given, is unfounded in fact.

In answer to the fourth article, respondent says: that the charges therein contained, in the manner and form therein stated, are not true. He says, that previous to the year 1829, (but the precise time he does not remember,) he met Jeremiah Combs in the public road, and Combs requested him to make an entry for 50 acres in his (Combs') name, of vacant land on 15 mile fork of Lost creek, a branch of Troublesome creek, in Perry county, and Combs paid to respondent (as he thinks,) 12½ cents for the entry fee—and respondent made the proper entry in his book when he reached home. He denies that Combs ever requested him to survey the land thus entered. He denies having received the legal fees from said Combs for entering and surveying said 50 acres of land the 1st of August, 1839, or at any other time, except as herein stated. He denies that Combs ever requested him to survey the land thus entered. He denies having received the legal fees from said Combs for entering and surveying said 50 acres of land the 1st of August, 1839, or at any other time, except as herein stated. He denies the charge of fraud and violation of official duty, and every other allegation in said article, inconsistent with the foregoing statement. He says, that several years after Combs made said entry, one James Lewis entered 50 acres of land on Sixteen mile fork of said Lost creek, which respondent afterwards surveyed. Combs remarked to respondent, afterwards, that he had surveyed his (Combs') land to Lewis. Respondent answered him by informing him the entries were on different forks of Lost creek—Combs' on 15 mile fork, and Lewis' on 16 mile fork.

As to the fifth article, respondent answers: that Alexander Combs made an entry in respondent's office for —— acres of vacant land in Perry county, which respondent afterwards surveyed. Some time thereafter, Henry Combs, with a full knowledge that Alexander Combs had made an entry for land, made an entry for —— acres, which he (Henry,) supposed adjoined the entry theretofore made by said Alexander, and requested respondent forthwith to survey the same. Respondent, in pursuance to the request of said Henry, made the survey, and respondent ascertained then, for the first time, that the entries, to an inconsiderable extent, interfered. He denies that he fraudulently, and for the purpose of making fees, concealed any knowledge which he possessed of the entry and survey of Alexander Combs. Respondent's books were open to the inspection of said Henry, by which he could form his own opinion, at the time of making his entry, of the probability of interfering with other surveys. Respondent made no representation or statement to said Henry, which was untrue. Every charge, therefore, in said
fifth article, inconsistent with the foregoing statement, is expressly denied by this respondent.

As to the sixth article, respondent answers and says: that several years ago, the precise year he does not now remember, Larkin Collins applied to him to buy the warrants, make the surveys, and carry into grants, three fifty acre tracts of land, for all which Collins agreed to pay respondent $30. The application was made to respondent at the court house of Perry county, fifteen miles from his residence, where he kept his books and papers. Respondent, after he reached home, made the entries, as requested by Collins; but, on a minute examination of his book of entries, he found that a portion of the land which Collins wished to appropriate, interfered in part with entries previously made by Wm. Stamper. Respondent made copies of both entries, and went on the land to make the surveys, in the presence of both Collins and Stamper. Respondent informed Collins that the entries interfered, and as Stamper had the eldest entry he would have the preference. Respondent then told Collins he would either cancel the contract he had made with him, or Collins might remove his entries on other lands; Collins preferred the latter course, and the entries were removed, surveys made, and patents issued to Collins accordingly.

Respondent made the surveys for Stamper agreeably to his entries, which were regularly carried into grants. Both Stamper and Collins were fully apprised of all the facts, and he has never heard that either of them expressed any dissatisfaction whatever as to the manner the business was transacted. The charge against the respondent for "selling his official acts to the highest bidder," is wholly false, as is every charge in said article, inconsistent with the foregoing statements.

In answer to the seventh article, respondent says: he admits he did, as Surveyor of Perry county, make a survey for James N. Brashears; but he denies that in performing said service, he acted in any manner otherwise than an honorable and just one. He says that whilst making said survey, Brashears wished him to include therein, some land which had been previously appropriated in the name of Jeremiah Combs; and of which fact Brashears was then fully apprised; but respondent refused to comply with Brashears's request; completed the survey, and delivered the certificate thereof to Brashears; and, upon which, he supposes a patent issued. He denies every other charge contained in said article not herein admitted, and which is inconsistent with this statement.

As to the eighth, respondent answers and says: that Malinda Loutbers, alias Merdy, delivered to him a warrant, many years ago, for 100 acres of vacant land, with which she made several entries, all of which were withdrawn, and, finally, two entries of 50 acres each, were made. One of these entries was surveyed by respondent, and when she came to respondent's house, she requested him to attend to carrying her claim into grant; and for all the fees legally due to respondent, and for the trouble and expense of procuring a patent from the Register's office, she agreed to pay respondent ten dollars. Subsequently, respondent applied to the agent of Mrs. Merdy to go with respondent to survey the other 50 acres; but her agent refused, and for that cause and that only, the other 50 acres were not surveyed.

Upon the formation of Breathitt county—the land embraced in the entry being included in that county—the entry was withdrawn, and entered, as respondent supposes, in that county. It is not true, that said Malinda Merdy,
or any one else, tendered to him the legal fees, and repeatedly requested him
to make the survey of the last 50 acres, and that he refused to do it; nor is it
true, that he had any business transaction with said Malinda, or with any
agent of her's in 1842, as charged in said article. Respondent was greatly
 annoyed by the very frequent visits which said Malinda made to his house,
connected with her said land claims; and in charging her for his official and
unofficial services, he did not suppose it would have been construed as im­
proper, much less as evidence of official corruption. He, therefore, denies
every allegation in said charge, which imputes to him any official miscon­
duct whatever, or of extorting from a poor widow one cent which, under
the circumstances, it was either improper, unjust, or uncharitable to receive.

In answer to the charges contained in article 9th, the respondent says: that
about ten years since, the precise time he cannot state without reference to
his books, he made two surveys of 50 acres each, for James Williams. When
Williams called upon respondent for the plats and certificates, he asked re­
spondent for what sum he would procure the patents and deliver them to
Williams. To which respondent replied: he would take the plats and cer­
tificates when he went to Frankfort, and deliver them to the Register without
any compensation. But if respondent become bound to Williams to procure
patents, and deliver them to him, he would charge five dollars for each
patent. Williams chose the latter proposition. The service was performed,
and the amount agreed upon was paid by Williams without murmur or
complaint. Respondent denies he refused to let Williams have the plats
and certificates, when Williams had an opportunity of sending them to the
Register's office without charge, and thereby extorted from him the ten dol­
ars aforesaid, as falsely charged in said 9th article. The whole
affair occurred as herein and above stated. In making the contract for his services in
procuring said patents, respondent acted fairly, justly, and openly with said
Williams. The contract was not in anywise connected with the duties of
his office of Surveyor; and he did not, either directly or indirectly, exercise
any official influence over Williams in making the contract. He denies
having had any business transaction whatever with said James Williams
relative to land, or any thing connected with land, at the date mentioned in
said 9th article.

In answer to the charges contained in article tenth, respondent says: that
the allegation, that he "did on the 10th of June, 1844, in said county of
Perry, corruptly fail and refuse to swear William Campbell, and others, as
chain carriers, and to make several surveys," is wholly without foundation
in fact. At a county court held for Perry county, at September term, 1843,
that court, in the plenitude of its power, made an order declaring a vacancy
in the office of Surveyor of Perry county, on the alleged ground, your re­
spondent had forfeited the same. And, thereupon, said court nominated
Jackson Combs to fill the vacancy thus created; and Combs was thereafter,
and in the same year, commissioned by the Governor, and his official acts
have been rendered legal by an act passed the 23d of February, 1847. This
respondent has no recollection now, nor does he believe he made any official
survey during the year 1844.

For answer to the charge contained in article eleventh, respondent says: he denies extorting money from Patrick B. Napier, as charged against him.
Nor did he make any representations to said Napier which were untrue.
He denies having any transaction whatever relating to land at the time
charged in said article. On one occasion, said Napier applied to respondent to purchase from him a fifty acre entry on a branch of Lost creek, which had been previously entered in the name of Henry Duff. Respondent informed Napier, he had made a promise to Micajah Napier, the brother of said Patrick to procure the land for him (Micajah) to which Patrick replied, his brother Micajah had sent him to respondent to procure the land embraced in said entry. And, thereupon, it was agreed between respondent and said P. B. Napier, that respondent would procure a complete legal title to said land for said P. B. Napier, for which he agreed to pay fifteen dollars within six months, and which might be discharged in cattle or hogs. Respondent denies having made any fraudulent representations to said Napier relative to said land, or of making any statement to him which he did not at the time believe to be true.

In answer to article twelfth, respondent says: the charge therein contained is a fabrication, without any foundation in fact. Respondent does not remember of any circumstance whatever which would give color to the charge.

For answer to the charge contained in article thirteenth, respondent says: the same is unfounded in fact. He denies having extorted from Rachel Everidge unjustly and illegally, any sum of money to which he was not legally, morally, and justly entitled. He denies having failed and refused to make out a plat and certificate for any survey made for her, or in her name.

To the charges in article fourteenth, respondent answers and says: he may have made a survey the 10th of November, 1843, for Patrick B. Napier for fifty acres of land, and failed to swear the chain carriers; and he may have certified on the plat and certificate, that the chain carriers had been sworn; but he denies that in any respect he acted from corrupt motives. He made several surveys on the same day the survey for Napier was made. And if he failed on any occasion to swear chain carriers, and certified they had been sworn, it was the result of oversight and inadvertence alone. In making the surveys referred to, his intention was to do his duty faithfully, and if he failed in any respect, the failure did not proceed from any improper motive.

And, in response to the charge contained in the fifteenth article, he says: the same as therein set forth, is false and unfounded in fact.

And respondent further says: that as regards each and every charge in the foregoing fifteen articles contained, he pleads to each, severally, not guilty. And this he prays may be inquire of by this Honorable Court in such manner as to them may seem proper and lawful.

And this respondent begs leave to state in explanation, the circumstances under which he was in the habit of dealing in land warrants, and furnishing those who wished to make appropriations of the vacant lands of the county. Before his appointment of Surveyor, and ever since, it was the practice and habit of all the Surveyors in the eastern part of the State, to purchase land warrants from the Register, furnish those who wished to appropriate vacant lands, and contract with them at the same time, to survey the land and obtain grants; and deliver them to the parties entitled to them, all at the cost and trouble of the Surveyors; for which a stipulated sum was to be paid by the party receiving the patent. Respondent was not aware until the institution of this proceeding against him, that it was either unlawful or improper for a Surveyor to make such contracts.

And respondent begs leave further to state, that he was very anxious to have met the charges preferred against him at the last session of the Gene-
ral Assembly, but the state of his health was such as utterly to preclude him from reaching Frankfort by the time fixed for the trial of his case. But he trusts that no unfavorable impression against him was made upon any member of the Court in consequence of his failing promptly to meet the charges preferred by his accusers.

This respondent has now laid before this Honorable Court, his answers to, and explanations of, the various charges preferred against him. With a consciousness that he has discharged all his official duties with justice and impartiality to the best of his knowledge and abilities—and that intentionally he has committed no crime or misdemeanor, or any violation of the laws of his country, he submits his case to the impartiality, independence and integrity of this Honorable Court.

If any part of his official conduct shall appear to have been illegal, or to have proceeded from ignorance of his duties, or from inadvertence, or oversight—or, if any part of his conduct shall appear, although illegal, to have been irregular or improper, but not to have flowed from a depravity of heart, or any unworthy motive, he feels confident that this Court will make allowance for the imperfections and frailties incident to man. He is satisfied that every member of this tribunal will observe the principles of humanity and justice; will presume him innocent until his guilt shall be established by competent proof; and will be governed in his decision by the moral and christian rule of rendering that justice to this respondent which he would wish to receive.

On the result of the issue now presented, rests the hopes and happiness of respondent, and of those to whom he has ever been desirous of transmitting a name unspotted and untarnished.

October 26th, 1847.

J. A. DUFF.

The replication of the Managers was then read as follows, to wit:

After which it was filed.

On the motion of counsel for respondent,

Ordered, That a subpoena duces tecum issue herein against the Clerk of the House of Representatives, requiring him to bring into Court the original affidavits upon which the articles of impeachment in this case are founded.
APPENDIX.

The Court then took a recess until 2 o'clock.

The Court met at 2 o'clock.

The Court then informed the Managers that they could now proceed to the proof of the articles of impeachment exhibited against the accused. Jesse Combs, a witness on behalf of the Commonwealth, was sworn, and he was examined and cross examined.

The following interrogatory was put to the witness, by Mr. Harlan, one of the counsel for the respondent:

"Did you, between the years 1831 and 1843, ever hear a member of the County Court of Perry, or any private citizen of said county, suggest to the defendant anything about his neglecting to execute his bond between those periods?"

Which was objected to by the Managers.

On the question, "shall this interrogatory be put to the witness?" it was decided in the negative: Yeas—1. Nays—25.

In the affirmative—Mr. Swope.

Those who voted in the negative, were—

Messrs. Boyd, Hambleton, McMillan,
Bradley, Hardin, McNary,
Bramlette, Hawkins, Patterson,

Resolved, That, in order to secure despatch in the trial of John A. Duff, upon impeachment, the President of the Court shall give his opinion in all questions which may arise in the progress of the trial, which shall be taken and regarded as the opinion of the Court, unless some member thereof
shall dissent from it, in which case only, shall the question be propounded to the Court.

The counsel for the respondent filed the following objection to said resolution, to-wit:

"The counsel for the respondent, objected to the resolution as violative of the constitution—but their objection was overruled. HARRIS, HARLAN AND BRECK."

Messrs. Hobbs, Holloway, McMillan, Todd, Thomas and Bradley, members of the Court, severally entered their dissent to the said resolution.

Messrs. Helm, Swope and Thurman, members of the Court, asked that the following protest, to the said resolution, might be entered of record, to-wit:

We think the Senate, when sitting as a High Court of Impeachment, has the power and right to designate any member of the Court, or the presiding officer of the Senate, as the organ of the Court to deliver the opinions of the Court; but we believe each individual member of the Senate constitutes an integral part of the Court. In justice to the accused, and that he may have the unbiased opinion of each member of the Court, we cannot deny to him the right of having the opinion of each member of the Court in advance of the opinion of the presiding officer, delivered as the opinion of the Court. In the decisions of legal questions we would yield to the accused every right not inconsistent with law and reason. For these reasons we protest against the resolution adopted by the Senate.

The said John A. Duff, by his counsel, moves the Court not to take further jurisdiction of this case, but to dismiss the same upon the following grounds, and for the following reasons, that is to say:

The Managers announced to the Court that they withdrew the 4th, 6th, 7th, 8th, 10th, 12th, 13th and 14th articles exhibited against said respondent Duff.

Resolved, That the Court will now pronounce judgment in the case of John A. Duff, Surveyor of Perry county, on the remaining articles of impeachment exhibited against him.

The first article was read as follows, to-wit:

That, unmindful of the solemn duties of his office, and contrary to the sacred obligation by which he stood bound to discharge them, faithfully and impartially, the said John A. Duff, Surveyor of Perry county, did, within the years 1825, 1830, 1835, 1840 and 1845, negligently fail to enter into bond and security as required by law in such cases, and hath wholly failed to execute bond since the year 1831, and hath, by such failures, committed five separate distinct misdemeanors in office, contrary to the statute, and against the peace and dignity of the Commonwealth of Kentucky.

The President of the Court then took the opinion of the members of the Court in form following: "Mr. Senator how say you, is the respondent, John A. Duff, guilty or not guilty, as charged in said first article of impeachment?"

Hambleton, Marshall, Todd,
Hardin, McMillan, Walker,
Helm, McNary, Williams—17.
Hobbs, Patterson,
Those who pronounced him not guilty, were—

Messrs. Bradley, Evans, Swope,

The second article was then read as follows, to-wit:

That, unmindful of the public good, and with a view to use his office for selfish purposes, the said John A. Duff, Surveyor as aforesaid, did, on the first day of June, in the year of our Lord one thousand eight hundred and twenty-five, and on divers other days and times, refuse to permit Elijah Combs, and many other citizens of the county of Perry, to examine the books and records of his office, declaring that they belonged to him, and not to the public. By means of which the said Duff has been benefitted at the expense of the public, in making confusions and contentions in appropriating the vacant lands, contrary to the statute, and against the peace and dignity of the Commonwealth of Kentucky.

The President of the Court took the opinion of the members of the Court in form following: “Mr. Senator, how say you, is the respondent guilty or not guilty, as charged in said second article of impeachment.

Those who pronounced him guilty—None.

Those who pronounced him not guilty, are—

Messrs. Bradley, Helm, Swope,
Brien, Hobbs, Taylor,
English, Holloway, Thomas,
Evans, James, Thurman,
Grey, Marshall, Todd,
Hambleton, McMillan, Walker,
Hardin, McNary, Williams—23.

The third article of impeachment was then read as follows, to-wit:

That, using his office and the power conferred upon him by the Constitution and laws, to the manifest injury and oppression of the people, and to the execution of his own selfish and sinister ends, the said John A. Duff, Surveyor as aforesaid, having been employed by a certain Stephen Campbell, to furnish the warrant, and survey for him fifty acres of vacant land, and the said Stephen Campbell afterwards having sold the right to have said land surveyed, to Samuel Campbell, and the said Samuel Campbell having clearly identified the said land to the said Duff; he, the said Duff, did, on the 10th day of June, in the year of our Lord one thousand eight hundred and forty, in the said county of Perry, willfully and corruptly, while pretending to cover by a survey the fifty acres of vacant land the said Samuel Campbell intended to appropriate, make the survey and cover other and different land, which was poor and worthless, for the corrupt purpose of compelling the said Samuel Campbell to again employ him, the said Duff, to make another survey and furnish another fifty acre warrant, to save and cover the land which the said Duff well knew the said Campbell intended to appropriate. By means of which, the said Duff did compel the said Campbell to purchase another fifty acre land warrant, and have another survey made by the said Duff, to cover the fifty acres of land the said Samuel
Campbell wished to appropriate, and did extort from the said Campbell, in
the manner aforesaid, the sum of $28.50 cents, contrary to the statute, and
against the peace and dignity of the Commonwealth of Kentucky.

The President of the Court then took the opinion of the members of the
Court in form following: “Mr. Senator, how say you, is the respondent guil-
ty or not guilty, as charged in said third article of impeachment?”

Those who pronounced him guilty, are—

Those who pronounced him not guilty, are—

The fifth article of impeachment was then read as follows, to-wit:

That the said John A. Duff, Surveyor as aforesaid, did, on the first day of
February, in the year of our Lord one thousand eight hundred and forty, in
the said county of Perry, for the purpose of corrupt gain, survey for Henry
Combs, 200 acres as vacant and unappropriated land, which had been sur-
veyed by the said Duff only a few days before, for a certain Alexander
Combs, and appropriated by him, which was well known to the said Duff;
but the said Duff fraudulently, for the purpose of making his fees, conceal-
ed the fact of the entry and survey for Alexander Combs from the said
Henry Combs, and thereby compelled him, the said Henry Combs, illegally
and unjustly, to pay him, the said Duff, the sum of $3.75 cents, for each
hundred acres of the said 200 acres, to the injury of the said Henry Combs,
and against the peace and dignity of the Commonwealth of Kentucky.

The President then took the opinion of the members of the Court in the
form following: “Mr. Senator, how say you, is the respondent guilty or not
guilty, as charged in said fifth article of impeachment?”

Those who pronounced him guilty, are—

Those who pronounced him not guilty, are—

The ninth article of impeachment was then read as follows, to-wit:

That the said John A. Duff did, in the year of our Lord one thousand eight hundred and forty two, on the 21st day of July, corruptly and illegally charge, and receive and extort, by means of his office, the unjust and illegal fee of ten dollars, in addition to his legal fees for getting and procuring the patents for two fifty acre surveys, for James Williams. And for the purpose of exacting the said sum from the said Williams, the said Duff did corruptly refuse to let the said Williams have the plats and certificates of said surveys, when the said Williams had an opportunity of sending them to the Register’s office, without cost or charge, and by so refusing did extort and receive from the said Williams the ten dollars aforesaid, for procuring the patents aforesaid, contrary to the statute, and against the peace and dignity of the Commonwealth of Kentucky.

President of the Court then took the opinion of the members of the Court in form form following: Mr. Senator, how say you, is the respondent guilty or not guilty, as charged in said ninth article of impeachment?

Those who pronounced him guilty, are—

Messrs. Brien, Grey, Hambleton, Hardin, Helm, Hobbs, James, McMillan, McNary, Patterson, Williams—11.

Those who pronounced him not guilty, are—

The eleventh article of impeachment was then read as follows, to-wit:

That the said John A. Duff, Surveyor as aforesaid, did, on the tenth day of July, in the year of our Lord one thousand eight hundred and forty three, in the said county of Perry, corruptly extort from a certain Patrick B. Napier, furnishing the land warrant, and making a fifty acre survey, the unjust and illegal fee of fifteen dollars; and for the corrupt purpose of inducing the said Napier to give said fee, the said Duff fraudulently represented that he had entered and surveyed the same for his son Henry Duff, when in truth and in fact, he had not so entered and surveyed it, contrary to the statute, and against the peace and dignity of the Commonwealth of Kentucky.

The President of the Court then took the opinion of the members of the Court in form following: “Mr. Senator, how say you, is the respondent guilty or not guilty, as charged in said eleventh article of impeachment?”

Those who pronounced him guilty, are—

Those who pronounced him not guilty, are—

Messrs. Bradley, Hobbs, Taylor,
Brien, Holloway, Thomas,
English, James, Thurman,
Evans, Marshall, Todd,
Hawkins, McNary, Walker,
Helm, Swope, Williams-18.

The fifteenth article of impeachment was then read as follows, to-wit:

That the said John A. Duff, Surveyor as aforesaid, did, on the fifteenth day of June, in the year of our Lord one thousand eight hundred and thirty seven, in the said county of Perry, not having the fear of God before his eyes, alter, change and forge a fifty acre survey to an hundred acres, and did change and forge the date of said survey, and the names of the chain carriers and marker, which appears to be in the name of John Duff, and lying and being on the Lick branch of the Clear-fork of Troublesome-fork of the North-fork of the Kentucky river, in the county of Perry and State of Kentucky; and did return said altered, changed and forged survey, plat and certificate, to the Register's office, for the corrupt purpose of cheating and defrauding the Commonwealth and the county of Perry out of their vacant lands, thereby grossly abusing the high trust delegated to him by the constitution and laws, and disregarding his oath and the good of the people, contrary to the statute and against the peace and dignity of the Commonwealth of Kentucky.

The President of the Court then took the opinion of the members of the Court in form following: “Mr. Senator, how say you, is the respondent guilty or not guilty, as charged in said fifteenth article of impeachment?”

Those pronounced him guilty, are—

Grey, James,

Those who pronounced him not guilty, are—

Messrs. Bradley, Hobbs, Taylor,
English, Holloway, Thomas,
Evans, Marshall, Thurman,
Hardin, McNary, Todd,
Hawkins, Patterson, Walker,
Helm, Swope, Williams-18.

The Clerk was then directed to enter the following judgment of the Court, to-wit:

COMMONWEALTH OF KENTUCKY,
vs.
John A. Duff,

Upon Impeachment.

The Senate, sitting for the purpose of trying the said John A. Duff, heard the testimony, and the argument of the Managers on the part of the House of Representatives, and the counsel for the accused, and being now sufficiently advised of, and concerning said cause, do adjudge—that the said John A. Duff, as Surveyor of Perry county, is guilty of a misdemeanor in office on
APPENDIX.

391

charge No. 1, and not guilty of charges No. 2, 3, 5, 9, 11 and 15. There being no proof offered as to the other charges, they were withdrawn by the Managers. But the Senate being satisfied that the said John A. Duff has, since the commencement of the prosecution, voluntarily resigned his said office, the judgment of the Senate is not deemed necessary on the question of removal. But because the said John A. Duff has been guilty of a misdemeanor, it is ordered and adjudged, that the said Duff pay the costs of the prosecutor by him in his behalf expended. The Clerk is hereby directed, in taxing the costs in this case, not to include any portion of the amount paid to witnesses under the provisions of an act of Assembly, passed at the present session.

The opinion of the members of the Court, upon rendering the judgment aforesaid, being taken, were as follows: Yeas—17. Nays—6.

Those who voted in the affirmative, were—

Messrs. Brien,       Holloway,       Taylor,
Grey,              James,           Thurman,
Hambleton,         Marshall,       Todd,
Hardin,            McMillan,       Walker,
Helm,              McNary,          Williams—17.
Hobbs,             Patterson,

Those who voted in the negative, were—

Messrs. Bradley,       Evans,          Swope,

Mr. Swope moved the Court to have the following papers entered of record, which was accordingly so ordered, to-wit:

I am of opinion that the proof adduced, on the part of the prosecution, against John A. Duff, is not sufficient to authorize his conviction on the articles of impeachment, or any one of them. It is true he failed to give bond as required by the act of 1810; and that act makes the failure to give bond a misdemeanor in office, for which he may be removed, by impeachment; but surely it was not intended to subject the officer to the consequences of an impeachment, for a mere failure to give the bond, without improper intent; no such improper intent has been proved, or can, from the proof, be imputed. And the proof on the other charges not being sufficient, in my opinion, to authorize his conviction, I must dissent from the judgment directed by a majority of the Court to be entered up against him.

SAML. F. SWOPE.

We fully concur in the above opinions.

J. R. HAWKINS,
JOHN J. THOMAS.

The failure of Duff to renew his bond did not, in my opinion, vacate his office. The bond executed by him, in 1831, was a valid and subsisting bond at the time his office was declared vacant by the Perry County Court. At that time he claimed to be, and was, in fact, the Surveyor of the county, and
although the failure to renew his bond, as required by the act of 1810, was a misdemeanor in office, yet the County Court had no authority whatever to pronounce upon it and declare the office vacant. There was no abandonment of the office by Duff; on the contrary, he had actively discharged the duties thereof, claimed to be the Surveyor of the county, and protested against the proceedings of the Perry County Court. The unauthorized proceedings of the County Court could not have the effect to oust him of his office which he had exercised, held, and claimed, by constitutional right. In truth he was, and continued to be, the constitutional Surveyor of Perry county until he terminated his official existence, by resigning his office, after the impeachment was preferred against him. By his resignation, the primary object of the impeachment has been attained, but the secondary object has not. Notwithstanding his resignation, it is competent for the Senate to enquire into the truth of the charges against him, and pronounce judgment of disqualification to hold office hereafter, if he shall be found guilty, and charge him with the cost of prosecution.  

SAM'L. F. SWOPE.

Mr. English moved to have his dissent entered of record, which was ordered accordingly:

**COMMONWEALTH OF KENTUCKY,**

*vs.*

**JOHN A. DUFF,**

Impeachment for high crimes and misdemeanors as Surveyor of Perry county.

After hearing the testimony and argument of the counsel, the judgment of the undersigned, as one of the members of the High Court of Impeachment, is—that this Commonwealth has failed to make out such a case as would justify the Court in coming to the conclusion that the said Duff is guilty of any, or either of the charges, as in manner and form set forth in the said articles of impeachment against him; therefore, the said prosecutor should pay the costs that have accrued in this cause.

S. S. ENGLISH.

On the motion of the Managers, It is ordered that the Clerk of this Court renew the execution for the costs at the last session of the Legislature, against the respondent Duff, directed to the Sheriff of Perry county.

The Court then adjourned **sine die.**
