

# FOREWORD

This conference marks the twentieth consecutive year we have come together to address problems and potentials of alfalfa. We are certainly encouraged with the interest in and opportunities for alfalfa in Kentucky. We are optimistic that we will observe expansion in acres, yield, and markets. It is our hope that the information presented herein and the discussions of the day will be of value to each of you in your alfalfa program.

On behalf of the Program Committee, I would like to express our thanks to each of you for your faithful participation over the past twenty years. I also want to thank all speakers, moderators, committee members and workers for their many contributions.

My personal thanks to the Program Committee and the Kentucky Forage and Grassland Council for their encouragement and assistance. I also want to thank all the exhibitors for their important contributions and financial support. I thank Commissioner Billy Ray Smith for financial support of the Anniversary Program. Thanks are extended to Mr. Steve Johnston and the Alfalfa Council for their many contributions over the past twenty years. A special thanks is extended to Mrs. Christi Forsythe for her assistance in preparing and editing the program and proceedings.

Garry Lacefield  
Program Chairman  
XX Annual Kentucky Alfalfa Conference

## Program Committee:

Chris Clark  
Jack Ewing  
Christi Forsythe  
Bill Green
