The committee continued to support two of the long range goals outlined by Hazel L. Johnson and her committee in 1989-90:

I. Increase awareness of SEALL and law librarianship as a profession for library school students.
II. Increase awareness of law librarianship and SEALL activities to non-law librarians.

For the third consecutive year, an introductory letter with SEALL membership brochures was sent to library school deans in the Southeastern area. Also included in the mailing was the registration information for the SEALL annual meeting at Callaway Gardens and membership information for AALL. In April a letter with information about the AALL annual meeting in San Francisco will be sent to library deans and state library associations in the southeast region.

In May a letter will be sent to library deans suggesting they might use practicing Law Librarians for "career day" speakers or as guest speakers for library science classes.

Chapter news items were submitted to the AALL Newsletter about the New Orleans annual meeting and the SEALL annual meeting in Callaway Gardens. Chapter officers are still not forthcoming with news items.

Recommendations for the 1992-93 committee:
1. Continue sending membership information to library deans and state associations. Response has been minimal, but the effort may eventually produce tangible results.
2. SEALL Law librarians geographically close to the thirteen library schools in the Southeast could personally contact the deans in the Fall of 1992 to inquire about placement activities and remind them of Law librarianship as a career; could again offer a SEALL member as a speaker.
3. Committee could solicit volunteers for dean's contacts and/ or for speaking engagements.

I wish to thank committee members Claire Engel and Alva T. Stone for their support.
