Covering 520 notable college and professional football players, coaches, executives, rules developers, and promoters, this volume provides short (300-900 words), signed sketches listing personal and career information. Ronald Mendell's Who's Who in Football (LJ 3/1/75) has 1400 personalities in briefer entries. Porter is more current and detailed and also provides brief bibliographies, cross-references, and appendixes listing entries by main category (e.g., player), main position played, etc. This is the second volume in the Biographical Dictionary of American Sports. Volume 1 covers baseball; two more volumes are forthcoming. Useful for most public libraries.—Robert Aken, Univ. of Kentucky Lib., Lexington
