

## F O R E W O R D

This Conference marks the eighth consecutive year we have come together to discuss problems and potentials of alfalfa. We are certainly encouraged with the interest in and opportunities for alfalfa in Kentucky and remain optimistic that we will continue to observe expansion in acreage, yield and markets. It is our hope that the information presented herein and the discussions of the day will be of value to you in your alfalfa program.

On behalf of the program committee, I would like to express our thanks to all speakers, moderators, sponsors, exhibitors and others for their contributions to this years conference.

My personal thanks to the Program Committee for their encouragement and assistance. A special thanks to Mr. Ron Catchen for all his assistance with local arrangements. I would also like to thank Mrs. Christi Forsythe for all her assistance in preparing programs, proceedings and taking care of many other important details.

Garry Lacefield  
Program Chairman  
VIII Annual Kentucky  
Alfalfa Conference

### Program Committee:

Gerald Atkinson
