Dear Wes:

Enclosed is a list of the software packages which the Law Library at the University of North Carolina at Chapel Hill uses. Although all our library staff members use microcomputers, Deborah K. Webster is the most knowledgeable person about the hardware and software. She should be listed as the person to contact if you include that information in your list.

The next issue of the SOUTHEASTERN LAW LIBRARIAN needs to go to the printer earlier than I had anticipated since I will include some information for people to review prior to the Chicago meeting. Could you please have your article to me by May 1, instead of May 15? With that deadline I can have the issue to Law Book Exchange by May 15 and the issue should be mailed to members by June 1.

Thanks.

Sincerely,

Timothy L. Coggins
Associate Law Librarian
