Dear Dean Summers:

I am the President of the Southeastern Chapter of the American Association of Law Libraries. Our chapter encompasses the southeastern United States. One of my goals as President is to increase the awareness of law librarianship as a possible career choice among the students in the Masters program.

The chairperson of our chapter's Publicity and Public Relations Committee will be contacting the library schools that are in the boundaries of our chapter to provide information about our chapter and its activities. I encourage you and the faculty, especially those dealing with special librarianship, to review the literature you will be receiving and contact either of us if you have any questions. Our chapter also has an active placement committee. Also for your information, our annual meeting will be held April 9 - 11, 1992, in Callaway Gardens, Georgia.

As a 1980 graduate of the FSU School of Library Science (as it was called!), I have a special interest in sending this personal letter to you, as I would like to encourage students to consider a career in special librarianship, or specifically law librarianship as I have done. Does the library school have any special programs/lectures/job fairs for the students in which we may participate? I think some students would find a career in law librarianship to be very rewarding.

Thank you for your attention to this special concern of mine. I look forward to hearing from you so we can work together to promote librarianship.

Sincerely,

*Mary F. Cross*
