Dear Pearl -

What exciting news, I know that you'll have a wonderful time in Europe and envy you mightily. Am still kicking myself for not going a couple of years ago when we had friends living in both Paris and Rome. Don't worry about things the SE Chapter should do, if you collect dues that's the vital thing!

I wrote to Oscar Miller at Colorado to find out about space and such for chapter meetings at the Annual meeting, will let you know as soon as I hear from him. As to the August meeting in Charleston, am sure that the Teachers Conference will handle mailings for it. However, I'll write to Sara to see if she needs list of members or anything like that.

Am so glad to hear that Dorothy seems better - give her my best regards, hope to see her some time soon.

As to the Current Publications question - the problem that has arisen is in the Part II section, continuations and supplements. As presently set up it seems to be almost useless. We had depended on it for such stuff as Bender's unlimited supplements, which are always fouled up, and other standard continuations. They might as well discontinue it as keep it up as it is now. It was excellent as compiled by Dorothy Scarborough, and of course, it is an awful job for anyone. Don't know the answer, I really just wanted to know how many libraries used it and to what extent.

Will let you know whatever I hear from SE meetings -

Affectionately,

Mary

P.S. Cost of mailing the materials on the Current Publications was $2.80. Would you like to reimburse Vanderbilt (i.e., me) in either stamps or cash? Preferably cash for the machine!
