Dear SE Chapter Member:

As you may know, the Board of our Southeastern Chapter has authorized the publication of a regular NEWSLETTER for our chapter area. The publication, which will appear four or five times during the year, will be edited by the staff at the Washington and Lee University Law Library.

To this end and because we want our newsletter to contain "news" about people within our chapter area, we would like to seek your assistance.

If you have new employees in your library, please report this information to us. Include a brief background of the new employee and the nature of his or her responsibilities. Please indicate if this is a new position for your library or merely a replacement.

We are also anxious to know of job openings in our chapter region. If you have a vacant position at this time or if you contemplate a vacancy next year, please send the details to me for inclusion in the first issue of the SE NEWSLETTER. This first issue will contain a number of interesting and unique features and should reach you in early December.

If you have ideas about subjects to be treated or if you have items you wish included for the benefit of our membership, please let us know. It will be our plan to mail the first issue to a number of libraries outside our chapter area in order to afford other law librarians an opportunity to see what we are doing in SE, particularly the proposal for the Legal Bibliographic Data project to be undertaken on a pilot basis in our chapter in January, 1974, with both Library of Congress and Harvard Law School data.

I look forward to hearing from you if you have material for the newsletter.

Sincerely,

Peyton R. Neal, Jr.
Editor
