Dear Ruth:

I'm sorry that it has taken me so long to answering your letter but with the opening of school and all that things have been a little rushed.

As far as the questionnaire is concerned, I think that we will stand the best chance of getting answers if we make it as simple as possible. As for the information which we want, I should like to suggest that we ask for listing of any special collections or particularly rare material, the interlibrary loan policy in regard to this and other material, facilities for making photostatic copies, etc., and fields which the particular library is developing or is planning to develop. I don't mean the above suggestions to be the only things as they are only suggestions but I think that they will give us some information for borrowing purposes and also for planning regional buying programs.

I hope that you and Cousin Jane are having a fine time at Athens. Please give her my regards. Let me know what your ideas are on the subject and if what I have put down isn't clear just let me know and I'll try to do better.

Sincerely,

Mary W. Oliver
