Dear Diana,

Here is another copy of a membership application and the matching check. By the way, Betty called me several weeks ago and said that she didn't really need to get copies of the applications when they came in since you were working the vendor who's doing the database work. She (Betty) said that you all were doing so well at keeping the database up to date that she could just stand back from afar and admire the good work. So my correspondence is somewhat cut down.

I'm do to mail some more applications out this week to members who've requested it, so there will probably be more potential members later.

Thanks.

Sincerely,

Susan S. Roach
