Dear Miss Bass:

You have the honor of having made the first nominations, (and the only ones to date!) Thank you so much. I think both of your choices were excellent.

I have a vague recollection of a discussion at the Chapel Hill meeting about having two candidates for each office on the ballot. However, I have been unable to find anything to this effect in my files. Do you know whether this was merely discussion, or was it actually adopted?

Another matter I wondered about was when are the nominations to be sent to Sarah, in order that the ballots may be mailed to the members and returned before the Lexington meeting? With the meeting less than a month away I imagine it will have to be done very soon.

Thanks again for the nominations.

Sincerely,

Jeanne Tillman
