SUBJECT: SERVICES AND ASSISTANCE FROM THE CHICAGO HEADQUARTERS

As we make plans for the 1988 Atlanta Annual Meeting, I would like to provide the Executive Board with a report on the needs and suggestions of the Committees, the Special Interest Sections and the Chapters. In particular, I am interested in knowing what areas need the attention of the Chicago Headquarters and/or what specific services could be provided by the staff now or in the future that will assist in handling the work of your entity and in accomplishing its goals and objectives.

You may have some suggestions for services that the Chicago Headquarters could easily implement at this time. Some recommendations may have to be studied to determine whether or not the Chicago Headquarters can handle them in terms of current staff and budget. However, the Executive Board wants to consider the merits of any suggested service or project that will be of benefit to the Association and is willing to try to commit the resources necessary to have it accomplished.

Any suggestions and recommendations you have for Chicago Headquarters' services and assistance will be greatly appreciated and will receive full consideration. I hope to hear from you by the end of May, 1988.

Cordially yours

**WILLIAM H. JEPSON
