SUMMER SESSION OF THE LAW SCHOOL.

The annual summer session of the College of Law will begin on Monday, June 15. Courses will be offered in Bankruptcy and Future Interests which will run for six weeks, and courses in Torts, Municipal Corporations, Constitutional Law and Common and Statute Law will run for the full session of eleven weeks. The courses in Torts and Common and Statute Law have been arranged for those who have had no previous law training, while the other courses are for students who have completed at least one year of law study.

The summer session in law is coming to be recognized as a convenient means of shortening the time required for the law degree or of making lighter the regular schedule of those who are earning their way through college. It also affords an opportunity for those who are looking forward to a law degree to lay the foundations for their course in summer sessions and thus to determine whether the study of law is interesting to them and suited to their talents. The work in the summer session is the
same in quality and standards as is the work in the regular sessions of the school, and every effort is made to keep in the law student body only those who give evidence of fitness for the practice of the legal profession.

THE 1925 MEETING OF THE KENTUCKY STATE BAR ASSOCIATION.

The Kentucky State Bar Association will hold its next annual meeting on Wednesday and Thursday, July 1st and 2nd, 1925, at Bowling Green, Kentucky.

These meetings are always worth attending. Some of the greatest lawyers of the state and country are to deliver addresses at the July meeting, and if they come near comparing with former speakers, many of the vital questions of the day will be discussed by them in a very enlightening and interesting way. In addition to the information and mental quickening to be obtained at this meeting, there will be the pleasure of two days association with the most enjoyable and public spirited citizens of this State. No Kentucky lawyer can afford to miss the opportunity. Another thing to be considered is that the University of Kentucky College of Law customarily sends to members of the association as a matter of courtesy the Kentucky Law Journal.

Bowling Green is a charming, live, and rapidly growing little city. Mammoth Cave and the old Shaker colony are within easy reach of it. The people are hospitable and pleasant. One of the newest oil fields of the State is nearby.

Watch the papers for the full program of the Association meeting and begin to plan now to go.
