

Table S1. Raw measurements (cubic centimeters) in the three groups for brain and ventricular volume.

| Criteria | Progressors (<i>n</i> = 190) | Regressors (<i>n</i> = 93) | Stable (<i>n</i> = 68) |
|--|---|---------------------------------------|-----------------------------------|
| Δ Brain Volume (mean, SD) | -5.4688 (19.0) | -0.7783 (16.6) | -0.1384 (22.1) |
| Δ Ventricular Volume (mean, SD) | 4.031 (3.5) | 3.279 (2.6) | 2.321 (2.436) |
