Dr. Garry Lacefield, UK Extension Forage Specialist, Princeton

Dr. Monroe Rasnake, UK Extension Agronomist, Princeton

Educational programs of the Kentucky Cooperative Extension Service serve all people regardless of race, color, age, sex, religion, disability, or national origin.
FOREWORD

This conference marks the fifteenth consecutive year we have come together to address problems and potentials of alfalfa. We are certainly encouraged with the interest in alfalfa in Kentucky and are optimistic that we will observe continued expansion in acres, yield, and markets. It is our hope that the information presented herein and the discussions of the day will be of value to each of you in your alfalfa program.

On behalf of the Program Committee, I would like to express our thanks to all speakers, moderators, exhibitors and others for their contribution to this Conference.

My personal thanks to the Program Committee and the Kentucky Forage and Grassland Council for their encouragement and assistance. I also what to thank all the exhibitors for their important contributions and financial support. A special thanks to Mrs. Christi Forsythe for her assistance in preparing programs and proceedings.

Garry Lacefield
Program Chairman
XIV Annual Kentucky Alfalfa Conference

Program Committee:

Linda Brown
Darrell Burks
Chris Clark
Gary Coughlin
Christi Forsythe
Steve Osborne
Tim Hughes
Monroe Rasnake
Bill Talley
Gary Tilghman
Garry Lacefield, Chairman
