Office of Undergraduate Research and Creativity/eUreKa!

**eUreKa!** (Experiences in Undergraduate Research and Kreative Activities) is one of the units comprising the Chellgren Center for Undergraduate Excellence. The purpose of eUreKa! is to provide coordination and leadership for the many programs designed to encourage and support undergraduate research, scholarship, and creativity at the University of Kentucky. When united, these programs benefit from the symbiosis of cooperation, and the University receives strengthened programs and more efficient administration.

**eUreKa!** includes the following programs:

- Kaleidoscope
- The NSF-funded AMSTEMM program (see www.uky.edu/amstemmm)
- The Beckman Scholars program
- The Showcase of Undergraduate Scholars
- The “Posters-at-the-Capitol” program
- The Undergraduate Research and Travel Support program
- The Summer Research and Creativity Awards program
- The Oswald Research and Creativity Awards
- SPUR (the Society for the Promotion of Undergraduate Research) student organization
- The UK Undergraduate Research Program (UK URP)
- The “Bucks for Brains” summer research mentorship
- Coordination with recruitment of faculty and undergraduate students having an interest in research, scholarship, and creative activities.

Each of these programs provides students with special opportunities and support for extended scholarly experiences, beyond the classroom. A number of students who have participated in these programs are represented on the following pages. For more information about eUreKa! and its programs, please visit www.uky.edu/eureka.
