FOREWORD

This conference marks the twelfth consecutive year we have come together to address problems and potentials of alfalfa. We are certainly encouraged with the interest in alfalfa in Kentucky and are optimistic that we will observe continued expansion in acres, yield, and markets. It is our hope that the information presented herein and the discussions of the day will be of value to each of you in your alfalfa program.

On behalf of the Program Committee, I would like to express our thanks to all speakers, moderators, exhibitors and others for their contribution to this Conference.

My personal thanks to the Program Committee, Kentucky Forage and Grassland Council, Kentucky Department of Agriculture, and the Kentucky Pride Hay Growers Association for their encouragement and assistance. A special thanks to Mrs. Christi Forsythe for her assistance in preparing programs and proceedings.
